8.5 The Client is aware that circumstances could arise in which the Client's remedies set forth in these terms and conditions may be or appear insufficient to the Client. The Client agrees that the limitations on liability specified in this Clause 8 shall survive and apply even under such circumstances. In the light of the overall agreement reached hereunder, the Client has agreed that the remedies and limitations on liabilities set out herein are part of a reasonable allocation of the risks and benefits of the agreement between the parties taking all relevant factors into consideration including the fees, commission, brokerage charges and other charges payable in accordance with these terms and conditions and the availability and costs of insurance with respect to the said risks.

Upon the Client's death, CGS SG is entitled to retain any Securities or any sums standing in credit in the Account(s), the Charged Securities or the Client's Property until such time that the Client's successor(s) produces to CGS SG evidence, to the satisfaction of CGS SG, that the Singapore courts have appointed the Client's successor(s) to deal with the Client's affairs and property.

Such surviving Joint Account Holder shall be entitled to deal with the Account in any manner, including without limitation, dealing with the Securities or other assets held in such Account and dealing in Securities through the Account, provided always that any dealing in such Securities or assets by the Joint Account Holder will be subject to any Singapore Rules and Foreign Rules and the rules, customs or practice of the relevant Exchange(s), or of any custodians and/or depository agents having custody of the relevant Securities or assets.

- 10.1 Regardless of whether the Client has executed the required documentation, the Client will be deemed to have agreed to these terms and conditions herein if the Client commences to trade through CGS SG or to use any of the services set out in these terms and conditions. For the avoidance of doubt, all such transactions executed on the instructions of the Client or any Authorised Person, will be governed by these terms and conditions.

- 12.2 In addition to Clause 12.1 above, as set out in the Risk Disclosure Statement in Schedule I, to be accepted by the Client before the provision of any services by CGS SG, the Client acknowledges that he understands the nature of the Investment Products and/or Services and the extent of his exposure to risk and has considered the appropriateness and suitability of trading and investing in light of his experience, objectives, financial and other relevant circumstances.
13. Disclaimers relating to Information and Advice
- 13.1 Without prejudice to or detracting from any other provision of these terms and conditions, the recommendation or advice the Client may receive from any of CGS SG's duly authorised employees, representatives or officers may be general or specific and the Client understands and notes the different implications of each type of advice received.
- 13.2 In relation to any information relating to the Securities and any other Investment Products and/or Services given by CGS SG to the Client that is general and non-specific in nature (the "General Information"), the Client acknowledges and agrees that:
- (a) the General Information is meant for the Client's general knowledge only;
- (b) in providing the General Information, CGS SG:
- (1) has not carried out a Financial Review and did not take into account the Client's investment objectives, financial situation and particular needs; and
- (2) does not make any recommendations to the Client in respect of any Securities and any other Investment Products and/or Services;
- (c) it is the Client's responsibility to seek independent financial, legal or other professional advice with respect to any dealing in any Securities or investment in any Investment Products and/or Services;
- (d) any dealings in Securities or investment in Investment Products and/or Services is solely and exclusively based on the Client's own judgment and after the Client's own independent evaluation into the merits and risks in relation to such dealings or investments;
- (e) the General Information although based upon information obtained from sources believed by CGS SG to be reliable, are opinions only, and may be inaccurate, incomplete and unverified; and
- (f) CGS SG makes no representation, warranty or guarantee as to, and shall not be responsible for, the accuracy or completeness of, or the Client's reliance upon, the General Information.
- In the circumstances, the Client acknowledges and agrees that CGS SG is not responsible for and liable to the Client for any loss that he may suffer by reason of or arising out of or in connection with the provision of the General Information by CGS SG to him.
- 13.3 In relation to any information relating to the Securities or other Investment Products and/or Services given by CGS SG to the Client, it is a material part of the Client being allowed to open and maintain an account with CGS SG that the Client acknowledges that:
- (a) he has the option to decide whether he wishes to provide CGS SG with full information and answers to the CIP Questionnaire, and such supplemental information and answers as CGS SG may ask the Client to provide as is reasonably relevant in the circumstances from time to time;
- (b) if he chooses to provide CGS SG with such information and answers as set out in Clause 13.3(a), he has the obligation to provide such information and answers in full and not in part;
- (c) the provision of the information and answers to the CIP Questionnaire that are partial or incomplete may be disregarded by CGS SG and the Client may be deemed as having refused and provided no answers or information to CGS SG. Where the Client has provided CGS SG with the full information and answers, it shall also be the Client's obligation to keep such information current and accurate, failing which CGS SG is entitled to assume that the information and answers provided remain complete and accurate;
- (d) where he has failed or refused or is deemed to have failed or refused to provide CGS SG with any information and answers as requested, then he will also be taken as having acknowledged (and CGS SG will be regarding and materially relying on the Client having acknowledged) that CGS SG cannot identify with any certainty his investment objectives, financial situation and particular needs and therefore the Client agrees that any advice or recommendation provided in respect to the Account with CGS SG, its duly authorised employees, representatives or officers shall be treated as at best only as general advice or recommendations (in which case Clause 13.2 applies) and that such advice does not take into account and may not be suitable for the Client's investment objectives, financial situation and particular needs;
- (e) a distinction should be made with respect to any advice or recommendation that is given on a solicited basis from one given on an unsolicited basis. - (f) except if the Client has engaged CGS SG to provide Financial Advisory Services, the Client must and should regard any advice or recommendation given in response to the Client's request or question as in the nature of general advice or recommendation in which case Clause 13.2 applies and agrees that such advice may not be suitable for his investment objectives, financial situation and particular needs;
- (g) only if the Client has provided the full information and answers to the CIP Questionnaire, and/or Financial Review form and CGS SG's supplementary questions and requests and then only in respect of unsolicited and unqualified (that which is specifically intended for the Client and communicated clearly as such to the Client) advice and recommendations from an employee, representative or officer duly authorised to give such advice and recommendations, is the Client entitled to regard the advice and recommendation given as specific advice based on the information and answers provided and after taking into account his investment objectives, financial situation and particular needs as may be reasonably inferred from the information and answers provided; and
- (h) no trading representative has any authority to give any advice or make any recommendation on CGS SG behalf or account unless specifically authorised to do so by a duly authorised officer of CGS SG and notified to the Client. In any other case, if the trading representative gives any advice or recommendation to the Client, such advice or recommendation must be assumed and accepted as having been given without authority from CGS SG and as such is given in his own personal capacity.

- 13.4 In the case of Joint Accounts, all the Joint Account Holders are required to individually fill out the CIP Questionnaire and/or Financial Review form as if each Joint Account Holder were an individual Account holder and:
- (a) where only one Joint Account Holder completes and returns the CIP Questionnaire and/or Financial Review, it shall be deemed that the other Joint Account Holder(s) represent(s) that any issue as to suitability determination is to be determined wholly by reference to the completed and returned CIP Questionnaire and/or Financial Review;
 - (b) where all the Joint Account Holder(s) complete and return the CIP Questionnaire and/or Financial Review, it shall be deemed that both (or all, as the case may be) represent that any issue as to suitability determination may be determined wholly by reference to any set of answers or information provided or (where relevant) an aggregate or consolidation of such answers and information; and
 - (c) in the event of ambiguity or apparent conflict in or as between the answers and information from each Joint Account Holder, such ambiguity or conflict will be resolved against the Joint Account Holders by CGS SG in its absolute discretion.
 - (d) The Client acknowledges and agrees that unless otherwise agreed by CGS SG in writing or otherwise stated in these terms and conditions, CGS SG does not and is not willing to assume any fiduciary, advisory or similar or other duties or act as investment adviser to the Client. CGS SG assumes, and relies on the assumption, that the Client has taken and/or will take the necessary independent legal, tax, financial and other advice in relation to any Account or before entering into any Transaction. CGS SG will assume that the Client has read and is agreeable to the terms of the relationship disclosed as part of the risk disclosures to the Client in Schedule I and in any risk disclosure statement, to be accepted by the Client before the provision of any services by CGS SG (including the Transactional Services).
- 13.5 The Client agrees that where he is an individual and who is not an accredited investor, institutional investor or expert investor within the meaning of the SFA, he shall complete and return the Risk Warning Statement to CGS SG before transacting in any Overseas-Listed Investment Product for the first time through CGS SG.
14. Fees and Charges
- 14.1 CGS SG may in its absolute discretion charge a service fee for the maintenance of an Account and may at any time set-off any monies and/or Securities in the Account against such service fee in accordance with these terms and conditions. In the event that there are no monies, Securities in such Account, CGS SG may, notwithstanding anything in [Clause 93](#), terminate such Account without giving notice to the Client.
- 14.2 The Client hereby agrees to pay CGS SG for the provision of the Transactional Services and/or Financial Advisory Services such fees, commission, brokerage charges and other charges at such rates as may be determined by CGS SG from time to time, including all expenses incurred by CGS SG or its agents with respect to the Transactional Services and/or Financial Advisory Services.
- 14.3 CGS SG shall be entitled to convert any sum received by it (whether for credit into the Account or in payment of any sum due to CGS SG) to the currency of the Account or (as the case may be) the currency in which payment is to be made, at a rate of exchange determined by CGS SG. CGS SG shall also be entitled to convert any amounts in the Account or otherwise standing to the Client's credit to any other currency for the purpose of carrying out his instructions or exercising CGS SG's rights under these terms and conditions. The Client agrees that any exchange rate losses and costs of conversion shall be borne by him.
- 14.4 Any goods and services tax, other taxes or levies or hereafter imposed by law or required to be paid in respect of any monies payable to or received or receivable by CGS SG or any expenses incurred by CGS SG, shall, except to the extent prohibited by laws, be borne and paid by the Client and CGS SG shall be entitled to debit the Account.
- 14.5 The Client acknowledges that from time to time, CGS SG may receive commissions, discounts, fees or otherwise in connection with or in relation to the issue of Securities to or for the Client or other dealings in respect of or relating to any Securities or Investment Products and/or Services for the Client. The Client agrees that CGS SG may retain for the benefit of CGS SG and without any obligation to account to the Client any commission, discounts, fees, or other monies which CGS SG may receive from any providers of Investment Products and/or Services or other persons in connection with or in relation to the holdings, subscription, or other transactions done or carried out by the Client with or through CGS SG or any other dealings in respect of the Securities or Investment Products and/or Transactional Services and/or Financial Advisory Services.

15. Payment/Receipt of Monies/Delivery

- 15.1 All payments which the Client is liable to pay under these terms and conditions shall be made in immediately available and freely transferable cleared funds, without set-off, counterclaim or other deductions or withholdings of any nature whatsoever and shall be made free and clear and without deduction for any present or future taxes. If any deduction or withholding is required for or on account of any taxes, the Client shall pay such additional amount as is necessary to ensure that CGS SG receives the full amount which it would otherwise have received had no such deduction or withholding been required. The Client shall further pay the full amount of such deduction to the relevant taxation authority in accordance with any applicable law. Where the Client makes payment by cheque, cashier's order, bank draft, in any other negotiable instrument, through GIRO or through the Electronic Payment for Shares Service, the date of payment shall be the date when such instrument is cleared (if applicable) and full payment is finally received by CGS SG.
- 15.1 A Where the Client instructs CGS SG to settle a trade executed on his behalf by debiting his CPF Investment Account or SRS Account, as the case may be, then the Client shall ensure that there are sufficient monies in such account for the purpose of settlement. CGS SG shall be entitled to require settlement to be made in cash in the event that the available amounts in the Client's CPF Investment Account or SRS Account, as the case maybe, are insufficient to settle the trade.
- 15.2 Trading representatives are not authorised to collect payment or to handle Securities on behalf of CGS SG. The Client acknowledges that if the Client chooses to effect payment or to deposit Securities by delivering a cheque or Securities to his trading representative, such trading representative shall be deemed to be the Client's agent. Any payment or deposit of the Securities shall be deemed to be made only when CGS SG receives the cheque or Securities from the trading representative and not when the cheque or Securities are delivered to the trading representative.
- 15.3 The Client agrees and hereby irrevocably consents that in the event where:
- (a) payments are made prior to the date for settlement of purchase contracts;
 - (b) CGS SG receives monies from, or on account of, the Client for the purchase of or holding of Securities, or the maintenance of any Account by the Client;
 - (c) CGS SG receives monies for the Account of the Client in respect of a sale of Securities;
 - (d) CGS SG receives monies from, or on account of, the Client where CGS SG provides securities financing to the Client; or
 - (e) CGS SG receives monies from, or on account of, the Client in the course of CGS SG's business, CGS SG shall deposit such monies into the Trust Account. The Client agrees that CGS SG may, for the purpose of depositing monies received on account of the Client which are denominated in a foreign currency in the Trust Account, maintain the Trust Account with a custodian outside Singapore which is licensed, registered or authorised to conduct banking business in the country or territory where the account is maintained. Without prejudice to the generality of the provisions in these terms and conditions, CGS SG shall have no liability whatsoever to the Client in the case where such custodian is unable (for any reason whatsoever) to return, pay or delivery any portion of the monies in such account to CGS SG or the Client.
- 15.4 All Securities delivered or to be delivered to CGS SG from time to time for custody must be in the required or regular form in board lots and in good delivery order. Where applicable, all unmatured coupons and duly executed transfers must be attached thereto.
16. Payment by CGS SG
- 16.1 Any payment by CGS SG to the Client shall be less any fees, commission, brokerage charges or expenses incurred in connection with the Transactional Services and/or Financial Advisory Services or any other sums which may be owed to CGS SG and/or its Affiliates by the Client (including but not limited to sales proceeds or contra gains, due to the Client). Such payment shall be made by GIRO or by way of cheque posted to the Client's address as shown in CGS SG's records or by crediting the Designated Bank Account or in accordance with any instructions signed or made or purporting to be signed or made by the Client or the Client's authorised signatory and will discharge CGS SG from any liability to the Client or to any other party. Erroneous payments (as evidenced by the records of CGS SG) made by CGS SG to the Client will immediately constitute a debt owing to CGS SG by the Client and may be recovered by way of set-off from future amounts held by CGS SG for and on behalf of the Client or owing by CGS SG to the Client.

17. Foreign Exchange Risks
- 17.1 All Transactions for an Account or any of the Transactional Services or relating to or arising out of any of the Transactional Services will be settled in Singapore dollars or, if CGS SG agrees, any other currency requested by the Client, but at a rate of exchange determined by CGS SG. The Client will bear all losses, damages, or costs that result from any currency conversion connected with any transaction for the Account or any of the Transactional Services.
- 17.2 The Client further agrees and acknowledges that where the Client directs or instructs CGS SG to carry out a contra trade or set-off in relation to any Securities denominated in a foreign currency (the "Original Currency"), CGS SG may in its absolute discretion effect such contra trade or set-off in either the Original Currency or the Base Currency, and where such contra trade or set-off is effected in the Original Currency, settle such contra trade or set-off with the Client in the Base Currency at a rate of exchange determined by CGS SG.
18. Agents
- 18.1 CGS SG is authorised to employ agents to perform all or any part of CGS SG's duties hereunder and to provide information regarding the Account to such agents. At the Client's costs, CGS SG may seek, and act on, an opinion or advice from any lawyer, accountant, consultant, information technology or services specialist, or other expert in respect of any obligations or performance of any duty or any other matter referred to in these terms and conditions and shall not incur any liability to the Client by acting upon such opinion or advice.
19. Trading Representatives
- 19.1 Unless otherwise notified to the Client in writing by CGS SG, the Client acknowledges and agrees that, in respect of the Transactional Services and/or Financial Advisory Services, the trading representative shall be deemed to be the Client's agent whether or not such trading representative is deemed to be engaged or employed by the Client in law, and CGS SG shall not be liable to the Client in respect of any acts or omissions of such trading representative and any loss or damage that may be suffered or incurred by the Client in respect of the acts or omissions of such trading representative.
- 19.2 The Client acknowledges and agrees that there could be cases where a trading representative may be required to undertake the provision of services to the Client outside the office premises of CGS SG. CGS SG will use all reasonable commercial efforts to inform the Client of these cases. In such circumstance, the Client's trade orders will be channelled through CGS SG's online electronic broking system for execution. As with any transaction carried over telecommunication networks, the Client should be aware and acknowledges that there is risk of possible delay in trade processing or outages.
- 19.3 It is in the Client's own interest to provide or use the Client's residential address and not to provide or use "care-of" or "P.O. Box" address or any trading representative's address as mailing address for which contract notes or statements of accounts are to be sent to. The Client is advised to only place orders through its trading representative. Any feedback or queries on contract notes or statements of accounts should be directed to CGS SG.
- 19A. Single Agreement
- All Transactions on any Account are entered into in reliance of the fact that these terms and conditions, CGS SG's account application form(s) executed by the Client or on the Client's behalf, CGS SG's CAR and/ or CKA documentation, all outstanding transactions (and to the extent recorded in a confirmation, and each such confirmation) shall form a single agreement between CGS SG and the Client and CGS SG would not otherwise enter into any such Transactions with the Client.

Part C: Trading in Securities

20. Instructions and Orders
- 20.1 CGS SG shall be entitled to buy and sell Securities for or deal with monies in the Account or perform any other transaction or order relating to the Account upon the verbal or written instructions (including via e-mail), of the Client or any Authorised Person, but CGS SG shall be under no obligation to give effect to any such instructions and is entitled to refuse to carry out such instructions without giving a reason for such refusal. In the case where CGS SG does so give effect to any instruction or order, CGS SG reserves the right to withdraw instruction or order thereafter unilaterally prior to it being executed without providing or assigning any reason therefor.
- 20.2 Unless the Client specifically requests and such request is accepted by CGS SG, any orders relating to Securities given by the Client are good only for the Market Day of the Exchange in which such order is given and shall thereafter lapse at the end of such Market Day.

- 20.3 The Client shall be responsible and liable for the actions or instructions of any Authorised Person(s). CGS SG shall not be concerned as to whether an Authorised Person has been given the proper authority by the Client to act on its behalf. For the avoidance of doubt, CGS SG shall not be obliged to verify with the Client or any other person the instructions given by the Authorised Person(s) purportedly on behalf of the Client.
- 20.4 The Client acknowledges and accepts that when placing orders for Securities, there will be times when a quoted price will change prior to the trade's execution due to market circumstances and that not all orders will be executed in chronological sequence with the order being placed. In such circumstances, the Client agrees to release CGS SG from any liability arising therefrom.
- 20.5 CGS SG may, from time to time, require the Client to deliver Collateral to CGS SG based on the Client's open position(s) or order(s) relating to Securities in such form and by such time if it deems fit (including in circumstances where such requirement(s) is/are prescribed by the applicable Singapore Rules or Foreign Rules). The Client undertakes to deliver such Collateral required by CGS SG, together with appropriate and duly executed instruments of transfer, duly stamped, where necessary, and such other instruments as may be requisite to vest title thereto in CGS SG no later than the date stipulated in the notice.
21. Counterparty Risks
- 21.1 The Client should ensure that he is aware of the identity of the contractual counterparty the Client is or may be matched with. Often, the Client will be purchasing an unsecured obligation of such counterparty and he should evaluate the comparative credit risk of such a purchase. If CGS SG is the counterparty, the Client must note that CGS SG deals with the Client at arm's length as his counterparty in relation to the said purchase. In such a case, unless CGS SG agrees in writing or unless otherwise required by law, CGS SG is not the Client's fiduciary, nor is it willing to accept any fiduciary obligations to the Client. Any dealing, trading or engagement or transaction with CGS SG by the Client could result in a loss to the Client and a gain to CGS SG. CGS SG does not and will not give the Client any advice whether written or oral other than any representations expressly set forth in any relevant agreement and any confirmation which may be signed or executed by the Client after negotiations with CGS SG as the counterparty. The Client's net returns from a transaction would also be affected by the transaction costs (which include commission, fees and other charges) charged by CGS SG. The Client should consider these costs in any risk assessment made by the Client. The Client should be aware that CGS SG is engaged in customer-driven and proprietary activities in many markets. These general activities, as well as CGS SG's hedging activities which are related to certain transactions entered into with the Client, may adversely affect the value of such transactions.
22. Margin Financing through Other Financial Institutions
- 22.1 In the event that the Client concurrently maintains another trading account through a financial institution (other than CGS SG) for the purpose of providing share margin financing to the Client, the Client authorises CGS SG to transfer any Transactions he may have effected as agent for the said financial institution in that account to the Account should the said financial institution so request.
- 22.2 In the event that the Client obtains financing from a bank or other institution (other than CGS SG) on an ad hoc basis, the Client authorises CGS SG to deliver Securities to such financing bank or institution as the Client's trading representative may from time to time instruct CGS SG.
23. Delinquent/Disputed Account
- 23.1 CGS SG may, in its sole and absolute discretion, report delinquent and disputed accounts to the SGX-ST from time to time. The Client further consents to the reporting of the pertinent particulars relating to his Account, including, but not limited to, his name, address and NRIC/ Passport number and claim amount and such other appropriate information, in the event that his Account is classified by CGS SG at its sole discretion as delinquent or disputed.
24. Suspension of Account and other Restrictions
- 24.1 Without prejudice to the provisions of [Clause 2.2](#), the Client acknowledges and agrees that CGS SG shall be entitled at its absolute discretion to suspend any or all of his Account(s) (indefinitely or otherwise) if an Event of Default occurs or a Margin Call has been made in respect of any facility, account or services provided by CGS SG to the Client. For the avoidance of doubt, such suspension shall include a suspension of the Online Services provided to the Client.
- 24.2 The Client acknowledges that CGS SG may impose any restrictions on, including but not limited to suspension of, dealing in any Securities in respect of the Account which CGS SG or any of its authorised representatives considers appropriate for any purpose.

25. General Right to Force Sell and Buy-In
- 25.1 The Client understands that if he does not pay for any Securities which he purchases by the due date of the purchase contracts, CGS SG shall have the right to force sell any or all of these Securities at any time after such due date and at such time as it may in its absolute discretion decide. CGS SG may (without prejudice to its rights under these terms and conditions) but need not exercise this right on any day after the day on which the right to force sell first arose.
- 25.2 CGS SG shall not be liable to the Client for any losses suffered by the Client as a result of the exercise of its right to force sell the Client's Securities for any fall in the market price of such Securities between the first day the right to force sell arose and the day it actually sells such Securities as a result of any failure to force sell.
- 25.3 The Client agrees that no short selling (this being the sale of Securities which is not beneficially owned by the Client on the date the sale order is made) shall be effected in relation to any Securities traded on an Exchange (except as permitted under, and effected in accordance with, the rules of the relevant Exchange). Without prejudice to the other rights and remedies available to CGS SG, the Client agrees that in the case where there is a breach of this provision, CGS SG may effect a buy-in of relevant Securities without any notice or reference to the Client.
- 25.4 Any waiver of or delay in exercising the right to force sell any Securities by CGS SG pursuant to Clause 25.1 shall not be regarded by the Client as an entitlement or right of the Client to the same at any time and shall be without prejudice to all other rights, powers and remedies available to CGS SG.

Part D: Financial Advisory Services

26. Interpretation
- 26.1 The provisions in this Part D apply when the Client has duly completed a standard form questionnaire consisting of a series of questions that aim to gather information on the Client's investment objectives, financial situation and particular needs, and the relevant account is opened by CGS SG in the Client's name (if applicable) concerning any investment products that suit the Client's needs and personal circumstances.
- 26.2 The Financial Advisory Services provided by CGS SG are subject to all applicable Singapore Rules.
27. Financial Advisory Services
- 27.1 In order to receive the Financial Advisory Services, the Client is required to provide CGS SG with the information requested by CGS SG to enable CGS SG to make a recommendation that takes into account the Client's investment objectives, financial situation, and particular needs.
- 27.2 The Client must ensure that all information provided to CGS SG shall be accurate, correct, and complete at all time and shall update CGS SG of any change in such information promptly.
- 27.3 CGS SG has no continuous obligation to monitor, review or advise the Client of the investment products transacted through CGS SG (even if it has agreed to assume such obligation), and assumes no responsibility or liability for any outcome of the investment, including if such investment turns out to be bad investment.
28. Recommendations on Investment Products
- 28.1 In recommending any investment products to the Client, CGS SG shall carry out a review of the investment objectives, financial situation and particular needs of the Client, including the Client's knowledge and experience in the investment products, before making any recommendations to the Client.
- 28.2 CGS SG will rely on the information requested under Clause 27.1 as the basis for recommending any investment products to the Client. Any inaccurate or incomplete information provided by the Client may affect the suitability of such recommendation or the outcome of CGS SG's assessment of the Client in accordance with Clause 28.1.
- 28.3 Where the Client does not wish to provide any information requested by CGS SG under Clause 27.1 or chooses to transact in an investment product not recommended by CGS SG, CGS SG may proceed with the Client's request to transact in such a product on the basis that the Client is aware that:
- (a) such a product is selected based on the Client's sole discretion; and
- (b) it is its responsibility to ensure that such a product it has selected to transact in (contrary to CGS SG's recommendation) is suitable for it having taking into consideration its investment objectives, financial situation and particular needs, and its knowledge and experience in such a product.

- 28.4 Where the Client does not wish to receive any advice concerning an investment product or still chooses to transact in such a product even though such a product is not recommended by CGS SG as suitable for the Client as it does not possess the knowledge or experience in such a product, the Client:
- (a) confirms that it wishes to proceed without advice despite the outcome of CGS SG's assessment described in this Clause 28.2;

- In the event that at the close of any Business Day the Market Value of the Collateral (other than Cash Collateral) in respect of any Loan falls below the applicable Margin Percentage of such Loan, Borrower must before the close of the next Business Day provide additional Collateral so that the Market Value of such additional Collateral, when added to the Market Value of the Collateral for such Loan, shall equal to the applicable Margin Percentage of such Loan.
- 43.2 CGS SG may increase the Collateral requirements from time to time based on general market conditions (including volatility of Loaned Securities and Collateral), the applicable Margin Percentage, or in accordance with general market practice or applicable Laws. Any such increase shall be published on the website of CGS SG.

45. Redelivery of Equivalent Securities
- 45.1 The transfer of Equivalent Securities shall take place by book-entry transfer in a computer-based system whereby Equivalent Securities shall be debited from (where the Client is borrowing) or credited into (where the Client is lending) the SBL Account. - 46.1 On the date and time that Equivalent Securities are required to be transferred by Borrower on the termination of a Loan pursuant to clause 53.1, Lender shall simultaneously (subject to the relevant terms under Part F) transfer any Cash Collateral and Equivalent Collateral in respect of such Loan.
- 46.2 If at any time the Market Value of all Collateral for Loans is greater than the applicable Margin Percentage of the Market Value of all the Loaned Securities, Lender may allow Borrower to withdraw excess Collateral such that the Market Value of all Collateral, after deduction of the Market Value of the excess Collateral, is equal to the applicable Margin Percentage of the Market Value of all the Loaned Securities.
- 46.3 Equivalent Collateral shall be transferred to Borrower by CGS SG crediting into (where the Client is borrowing) or debiting from (where the Client is lending) the SBL Account.

- elect to continue the Loan (which, for the avoidance of doubt, shall continue to be subject to Clause 44); or
 - at any time while such failure continues declare that that Loan (but only that Loan) shall be terminated immediately and demand that Borrower pays within 2 Business Days of demand the cost of purchasing Equivalent Securities for that Loan, including transaction costs incurred in connection with the purchase of Equivalent Securities.

- 47.2 If Lender fails to redeliver Equivalent Collateral (other than Cash Collateral) in accordance with Clause 47, Borrower may:
- (a) elect to continue the Loan (which, for the avoidance of doubt, shall continue to be subject to Clause 44); or
 - (b) at any time while such failure continues declare that that Loan (but only that Loan) shall be terminated immediately and demand that Lender pays within 2 Business Days of demand the cost of purchasing Equivalent Collateral (other than Cash Collateral) for that Loan, including transaction costs incurred in connection with the purchase of Equivalent Collateral.
- 47.3 Where a Party ("Transferor") fails to redeliver Equivalent Securities (in its capacity as borrower) or fails to redeliver Equivalent Collateral (in its capacity as Lender) by the time required under Part F and the other Party ("Transferee") incurs costs and expenses, the Transferor agrees to pay on demand and hold harmless the Transferee with respect to all such costs and expenses which arise directly from such failure (excluding any indirect or consequential losses).
- 47.4 If as a result of the failure by the Transferor to fulfil its redelivery obligations under Part F a "buy-in" is exercised against the Transferee, then the Transferor shall account to the Transferee for the total costs and expenses reasonably incurred by the Transferee as a result of such "buy-in".
48. Representations
- 48.1 The Parties make the following representations and warranties, which will continue during the term of any Loan:

- (a) If any Loaned Securities is not transferred to Lender upon termination of the Loan as required by the relevant provisions in Part F;
 - (b) If Lender transfers Collateral other than as permitted under the provisions in Part F or causes any Collateral or Income not to be transferred to Borrower as required by the terms in Part F;
 - (c) If any representation made by either Party in respect of this Agreement or any Loan shall be incorrect or untrue in any material aspect during the term of any Loan;

- 50.2 In respect of each Loan, the payments of the fees described in Clause 51.1 shall accrue daily during the period commencing on (and including) the Settlement Date and terminating on (and excluding) the Business Day on which Equivalent Securities are redelivered to the Lender.
- 50.3 All such fees shall be paid by CGS SG crediting into (where the Client is lending) or debiting from (where the Client is borrowing) the relevant Account.
51. Interest on Outstanding Payments
- 51.1 In the event of the Client failing to remit sums in accordance with Part F, the Client undertakes to pay a rate to CGS SG upon demand on the net balance due and outstanding for the period commencing on (and inclusive of) the original due date for payment to (but excluding) the date of actual payment in the same currency as the principal and at 3% above the prime lending rate offered by UOB in Singapore. - 66.3 Notwithstanding the foregoing and without prejudice to CGS SG's right to vary the Margin required at any time, CGS SG will require the Client to furnish additional and substantial Eligible Collateral in unusual market conditions or where the value of the Eligible Collateral is in CGS SG's view uncertain.
- 66.4 If for whatever reasons, the Margin Call pursuant to [Clause 57.2](#) is not fulfilled and the Client cannot be contacted at the telephone numbers that are in CGS SG's records, CGS SG shall be entitled to exercise its right to sell all or any of the Charged Securities.

- 67.2 Without prejudice to its rights under the Margin Security Agreement, in exercising its power of sale, CGS SG shall be entitled to sell all or any of the Charged Securities in such manner and upon such terms and conditions as CGS SG may at its sole and absolute discretion think fit. CGS SG shall apply the net proceeds of such sale towards satisfaction of the Amount Financed and other Secured Obligations (if any) but, for the avoidance of doubt, the Client shall remain liable for any difference still remaining.
- 67.3 A written statement made by any of CGS SG's employees or officers that the power of sale has become enforceable shall be conclusive evidence against the Client and of the fact in favour of any purchaser or other person to whom any or all the Charged Securities may be transferred under such sale, and the Client will indemnify CGS SG against any claim which may be made against CGS SG by such purchaser or person by reason of any defect in the Client's title to such securities.
- 67.4 If there are insufficient Charged Securities for delivery on the settlement date of the sale of the Charged Securities by CGS SG pursuant to the exercise of its power of sale for whatsoever reasons, as long as CGS SG does not sell more than the number of Charged Securities as reflected in the accounts of CGS SG the day prior to the date of the sale, the Client shall be liable for all losses and damages as a result thereof including all losses incurred as a result of any buy-ins.

74. Entering into a CFD

- 74.1 The Client may only place orders with CGS SG by telephone or the Online Services. On any Business Day during the trading hours of the Relevant Exchange:
- (a) The Client may request CGS SG by telephone or the Online Services to obtain a quote for the price of a Underlying Instrument at which CGS SG may be prepared to enter into a CFD in respect of that Underlying Instrument. If CGS SG provides a price quotation as requested, this does not constitute CGS SG's acceptance of any order from the Client to enter into or close a CFD.
 - (b) Immediately upon receiving the quote and during the trading hours of the Relevant Exchange, the Client may by telephone or the Online Services, inform CGS SG that the Client wishes to enter into the CFD at the quoted price. If, under the rules of the Relevant Exchange, the Underlying Instrument can only be transacted in a specified amount or in multiples thereof, the Client must ensure that the Contract Quantity of the CFD set out in the Client's offer is in the specified amount or a multiple thereof as applicable.
 - (c) The Contract Value of a CFD, all debits and credits in respect of a CFD and the Closing Value of a CFD are denominated in the CFD Currency.
 - (d) Once an order is received by CGS SG, such order is binding on the Client provided that the Client may give an order to withdraw, cancel, revoke or vary a previous order. CGS SG shall not be obliged to execute such withdrawal, cancellation, revocation or variation until the Client confirms with CGS SG both that the previous order has not been executed, and that the withdrawal, cancellation, revocation or variation, as the case may be, will not prejudice CGS SG's position.
 - (e) The Client shall not acquire any right, title or interest to or in the Underlying Instrument.
- 74.2 CGS SG is under no obligation to enter into a CFD with the Client, and without limitation, CGS SG's acceptance of any such order from the Client is subject to:
- (i) the Client having available and sufficient Free Equity in the CFD Account; and
 - (ii) CGS SG's receipt of the Initial Margin required in respect of that CFD in cleared funds.
- 74.3 Nothing in this Part H obliges CGS SG to accept or act on any order from the Client to enter into any CFD, and CGS SG may refuse to accept or otherwise act on any order in respect of a CFD without giving any reason.
- 74.4 CGS SG shall bear no liability whatsoever for failing to comply with any order of the Client or for exercising or failing to exercise any discretion, power or authority conferred upon CGS SG under the terms and conditions of this Part H.
- 74.5 CGS SG shall be entitled (but not obliged) to verify and be satisfied with respect to the identity of the person purporting to give such order or the source and origin of such order and CGS SG may not rely or act upon any such order unless and until CGS SG is satisfied as to the matters on which CGS SG seeks verification.

- 74.6 If CGS SG decides to act on any order or is otherwise under an obligation to act on any order, CGS SG shall be allowed such amount of time to act and implement the order as may be reasonable, having regard to the systems and operations of CGS SG and the other circumstances then prevailing, and shall not be liable for any loss arising from any delay on the part of CGS SG in acting on the order.
- 74.7 If CGS SG accepts the Client's order to enter into a CFD and such CFD is in fact entered into, CGS SG will issue to the Client a Confirmation of that CFD by no later than the next Business Day but failure by CGS SG to issue a Confirmation will not prejudice or affect that CFD. CGS SG will not have any liability as a result of a failure to issue a Confirmation.
- 74.8 The Client should assume that CGS SG's telephone lines are recorded (although this is not guaranteed) and agrees to the recording of such conversations. All such records and recordings of telephone conversations shall be CGS SG's exclusive property and may be used for any purpose by CGS SG, including as evidence in any dispute. Notwithstanding the foregoing, the Client should keep its own timed and dated written records of transactions and dealings with CGS SG.
- 74.9 The Client may not authorise a third party (an "Agent") to enter into a CFD on the CFD Account except with CGS SG's prior written consent. CGS SG will require the same information, including verification of identity, from the Agent as it requires from the Client in order to open the CFD Account. Both the Client and the Agent will be required to execute and deliver to CGS SG a third party authorisation agreement in the form required by CGS SG, authorising and appointing the Agent to place orders in CFDs. The Client will be fully responsible for all acts and omissions of the Agent including all orders placed by such Agent as if such acts, omissions and orders were done, made or given by the Client and as if the Agent were the Client. CGS SG shall be entitled to accept orders from such Agent within two (2) Business Days after receipt (including the Business Day of receipt) of the Client's written notice revoking the Agent's authority. Such written notice (to be effective) must be sent to CGS SG by post or by personal delivery. Notwithstanding the above, CGS SG may (by giving due notice) refuse to accept orders from any such Agent and to treat the appointment of such Agent as terminated. If the Client appoints any Agent, the Client will still be treated as CGS SG's Client for purposes of the SFA.
- 74.10 When placing an order using the telephone, the Client must give the CFD Account name and CFD Account number.
The Client is not permitted to place an order without this information.
- 74.11 CGS SG will treat the Client as having placed an order using the telephone if CGS SG accepts an order in good faith from a person giving the Client's name and account number. CGS SG cannot be expected to recognise the Client's voice or that of any authorised third party in any circumstances and CGS SG is under no duty to enquire about the identity of any person who gives the Client's name and CFD Account number.
- 74.12 If the Client is in any doubt whatsoever as to the validity of any orders for any reason, including (but not limited to) by reason of a breakdown in communication leading to a cessation of connection between CGS SG and the Client, it is the Client's sole responsibility to contact CGS SG immediately by telephone in order to obtain clarification as to the validity of the order.
- 74.13 CGS SG may, in its absolute discretion, limit the value of CFDs the Client may have outstanding under the terms and conditions of this Part H:
- (a) Beyond which if the Client wishes to enter into any further CFDs, the Client must seek and obtain approval from CGS SG; and
 - (b) Beyond which the Client may not enter into any further CFDs whatsoever.
- CGS SG may vary this limit imposed by CGS SG pursuant to this Clause at any time by notice to the Client.
- 74.14 The Client acknowledges that he is not entitled to and shall not hold simultaneous opposing CFD positions on the same underlying financial instrument. For example, if the Client originally placed a sell order and subsequently placed a buy order for a CFD on the same underlying financial instrument, this will close all or part of the Client's original sell trade and may create a new open position. If the Client has more than one open CFD position on the same underlying financial instrument, such trades (or part thereof) will be closed in the order "First In, First Out" (commonly known as "FIFO").
75. Online Services
- 75.1 CGS SG may provide the Client with access to Online Services for purposes of trading in CFDs at CGS SG's sole discretion. If the Client trades in CFDs using the Online Services:

- (a) the provisions in these terms and conditions governing Online Services and the terms and conditions of use of any website, electronic trading platform or electronic system or service used or provided by CGS SG to facilitate the Client's use of the Online Services shall apply accordingly. In the event of any conflict between the terms and conditions in this Part H and the other provisions of these terms and conditions (that are not part of Part H), the provisions of this Part H will prevail; and
- (b) the Client will be given access to the CFD Account by the CFD Account number and password provided by CGS SG. Passwords are only obtainable from CGS SG on request. Where the Client comprises more than one person, only one password will be issued to the Client to use the Online Services.
- 75.2 Orders placed via the Online Services will be treated as effective on acceptance by CGS SG and will normally be confirmed by electronic means, broadcast over the Online Services and subsequently in the form of a Confirmation. The Client consents to the use of electronic Confirmation as set out in Clause 68K below.
- 75.3 In the case of orders placed through the Online Services, CGS SG is under no obligation to recognise the domain from which the Client's business originates.
- 75.4 In the case of communication through the Online Services, the Client will be fully responsible for all acts and omissions using the Client's CFD Account number and password, including all trades placed and instructions given as if such acts, omissions, trade and instructions were done, made or given by the Client and as if the person using the Client's CFD Account number and/ or password were the Client.
- 75.5 On receipt of any order to trade placed through the Online Services, CGS SG may in its absolute discretion reject or accept that proposed trade.
- 75.6 The Online Services and any and all materials that CGS SG provides to the Client in connection with the Online Services are (1) provided on a non-exclusive, non-transferable, revocable basis; (2) the property of CGS SG and/ or its Online Services providers, licensors or other service providers; and (3) intended for the Client's use only. The Client shall not (a) in whole or in part resell, sub-licence, supply or otherwise transfer or permit access to or make available the Online Services to others; (b) copy in whole or in part materials broadcast over the Online Services for resale or other supply to others or otherwise make the same available to others; (c) copy the Online Services and/ or any software forming part thereof in whole or in part; or (d) delete obscure or otherwise tamper with in whole or in part any copyright notices or other indications of protected intellectual property rights and/ or ownership from the Online Services, any software forming part thereof and/ or any materials supplied to the Client by CGS SG and/ or that the Client prints or downloads from the Online Services. The Client shall not obtain any intellectual property rights in or any right or license to use the Online Services, the software forming part thereof or such materials or to conduct trades via the Online Services other than as expressly set out herein. The Client shall immediately on demand by CGS SG return to CGS SG, in good repair and condition, all media, documents and other physical items relating to the Online Services that have been supplied to the Client. In the case of software supplied to the Client, the Client shall if so requested by CGS SG return the same to CGS SG and/ or permanently delete and uninstall the same from any computers or other equipment upon which the Client has installed the same and the Client shall not keep any copies of the same.
- 75.7 CGS SG cannot guarantee that the Online Services will be free from any virus. The Client is responsible for configuring its information technology, computer programs and platforms to ensure compatibility with the Online Services and the Client must use its own virus protection software. CGS SG does not warrant that the Online Services will always be available or accessible or that access to it will be uninterrupted or that it will be free from errors. CGS SG reserves the right to close or suspend provision of the Online Services and/ or any of the services on the Online Services for any purposes including repair, maintenance or development and either with or without notice to the Client. Access to the Online Services and/ or operation of any of the Online Services may be interrupted by circumstances beyond CGS SG's reasonable control. CGS SG will not be liable if, for any reason, the Online Services and/ or any of the services thereon are unavailable for any period of time. CGS SG disclaims and excludes unless expressly prohibited by applicable mandatory law, all terms and conditions and warranties implied by statute or common law in relation to the Online Services including but not limited to merchantability, satisfactory quality, suitability or fitness for any particular purpose. Technical difficulties may be encountered in connection with the Online Services. Such difficulties may include, but not be limited to, malfunctions, failures, delays, hardware damages or software erosion. Such difficulties could be the result of hardware, software or communication link inadequacies or any other cause and such difficulties could lead to possible economic and/ or data loss. In the absence of fraud or bad faith in no event will CGS SG, any of its associated companies or employees be liable for any loss, cost claim, demand, expense or damage including, without limitation, loss of profit, loss of revenue, loss of opportunity, consequential, unforeseeable, special or indirect damages or expenses which arise directly or indirectly as a result of accessing or using, the Online Services and even if CGS SG had been advised of the possibility of the same arising or the same were reasonably foreseeable.
76. Margin Requirements
- 76.1 Before the Client is permitted to enter into a CFD, CGS SG may require the Client to deposit with CGS SG cleared funds (in such minimum amount as CGS SG may prescribe from time to time) as Margin. Both the amount of such Margin and the time of its CFD Margin Call shall be within the absolute discretion of CGS SG, which is under no obligation to allow any offset of any Margin requirement. This is in addition to payments to be made under Clause 68 ("Payments for Difference"). CGS SG may increase the Margin requirements for any CFD at any time.
- 76.2 CGS SG may at any time in its absolute discretion require the Client to place Additional Margin during the term of the CFD (including, without limitation, if the GLV in the Client's CFD Account falls below SGD2,000 or its equivalent (as determined by CGS SG in its sole discretion)) by depositing with CGS SG cash in such amount as CGS SG may determine.
- 76.3 CGS SG shall have sole absolute and unfettered discretion, as to the exercise of any power or right under this Clause 67, including, without limitation to the calling of Margin, which shall be binding on the Client.
- 76.4 CGS SG may refuse any request by the Client to enter into any further CFD until CGS SG has confirmed receipt of any CFD Margin Call in cleared funds.
- 76.5 No previous margin levels shall set a precedent or bind CGS SG. CGS SG reserves the right to close out any or all the Client's open CFD positions if the Client fails to immediately deposit the required additional Margin.
- 76.6 Margin deposited by the Client will not fall due for repayment until the Client's obligations under the terms and conditions of this Part H and under or in respect of any other accounts between CGS SG and the Client is satisfied in full. Until this time this Margin will neither constitute a debt due from CGS SG to the Client nor will the Client have any right to receive payment of these funds.
- 76.7 CGS SG may allow the Client to withdraw from the Client's CFD Account any Free Equity, as long as the balance remaining in the Client's CFD Account does not fall below SGD2,000 or such other minimum amount as CGS SG may stipulate. Any withdrawal will be without prejudice to the provisions of the clause in respect of the balance of any Margin deposited with CGS SG.
- 76.8 The Client's liability in respect of CFD Margin Calls is not limited to the amount, if any, deposited with CGS SG.
- 76.9 The Client acknowledges that the Margin may be held and used to secure the performance of the Client's obligations as well as for such other purposes as the applicable laws may permit or stipulate for the CFDs traded. All Margin held, notwithstanding any provision or instructions to the contrary, as continuing security and shall be subject to a general lien and right of set-off in favour of CGS SG for any and all of the Client's liabilities to CGS SG, whether contingent or actual, under the terms and conditions of this Part H or otherwise, and CGS SG may realise any of the Margin of the Client as provided for in the terms and conditions of this Part H.
- 76.10 All Margins shall be in such form as CGS SG may stipulate and the value of any such Margin shall be determined by CGS SG in its sole and absolute discretion. CGS SG shall be entitled to deposit, pledge, re-pledge or loan any Margin in whatever form provided to CGS SG and shall not be under any obligation to account to the Client for any interest, income or benefit that may be derived therefrom.
- 76.11 CGS SG is not obliged to make CFD Margin Calls of the Client at all or within any specific time period. CGS SG shall not be liable to the Client for any failure by CGS SG to contact the Client or attempt to contact the Client.
- 76.12 Without prejudice to the Client's obligation to place Margin immediately the same becomes due, the Client must notify CGS SG immediately if the Client cannot, or believes he would not be able to, meet a Margin payment when due.
- 76.13 It is the Client's responsibility, and not CGS SG's, to (i) understand how Margin is calculated; and (ii) monitor any open CFD positions and all other relevant factors used to calculate Margin payable.
- 76.14 If CGS SG makes a CFD Margin Call, the Client must place the amount of Margin immediately or within a specified period of time which may be less than two (2) Business Days after the giving of such notice by CGS SG. In all respect, time shall be of the essence for all payment obligations of the Client.
- 76.15 CFD Margin Calls may be made to the Client at any time either orally or in writing and such CFD Margin Calls shall be deemed to have been made in accordance with the timescales set out in this Clause. CGS SG shall be deemed to have made a CFD Margin Call on the Client if CGS SG has left a message (via any of

the foregoing methods of communication) requesting the Client to contact CGS SG and such CFD Margin Call shall be deemed to have been made in accordance with the timescales set out in this Clause. Such CFD Margin Call will be deemed to have been made even if the Client has not returned any message CGS SG may have left requesting the Client to contact CGS SG. If a CFD Margin Call is made by more than one method of communication, it shall be deemed to have been made at the earliest time such communication is deemed served. A CFD Margin Call shall also be deemed to have been made if CGS SG is unable to leave a message for the Client and has used reasonable endeavours to contact the Client. All references in this Part H to a CFD Margin Call shall be deemed to include reference to a deemed CFD Margin Call. Any message CGS SG leaves for the Client requesting the Client to contact CGS SG should be regarded as extremely urgent. If CGS SG leaves a message, it will (to avoid potential embarrassment) usually not reveal its company name or the nature of the call; however, it may, without liability to the Client, do so, if CGS SG in its absolute discretion so decides and in particular CGS SG may leave its company name if the Client does not return any previous messages.

- 76.16 Margin is not the total extent of the Client's financial liability to CGS SG, as the Client must make good in accordance with the terms and conditions of this Part H any losses suffered and any other payments due hereunder.
- 76.17 Margin payments must be settled in such currency as CGS SG may require from time to time.
- 76.18 Without prejudice to the other provisions of this Clause or any other provision of this Part H (and in particular CGS SG's rights), CGS SG reserves the right (but is not obliged) to close any or all, in whole or in part, of the Client's open CFDs (including those held on a joint account with others) on the basis of the current (or next available) market quotations obtained by CGS SG, to combine or consolidate any of the Client's accounts with CGS SG or any further trades, in each case with or without notice to the Client:
- (a) If Margin is due, and the Client fails to top up such Margin in full (and not simply the excess) in accordance with the terms mentioned earlier;
 - (b) If any payment due hereunder (including Margin) is not duly and punctually paid to CGS SG as and when it becomes due;
 - (c) If any instrument of payment used by the Client to make payment to CGS SG is not met on first presentation or is subsequently dishonoured;
 - (d) If any representation or warranty made by the Client in relation to this Part H is or becomes untrue, inaccurate or misleading in any respect;
 - (e) If CGS SG, in its absolute discretion, considers that the Client is unlikely to meet any Margin or other payment when due;
 - (f) If CGS SG considers, in its absolute discretion, that the Client has materially breached any of the terms and conditions of this Part H;
 - (g) If an Insolvency Event occurs;
 - (h) If the Client dies or become a patient under or any court order is made in respect of the Client under relevant mental health legislation or CGS SG believes or suspects the same to be true;
 - (i) If any regulator of CGS SG's business or its rules requires CGS SG to do all or any of the foregoing;
 - (j) If CGS SG is in dispute with the Client over any instruction or any trade (save that in such case CGS SG may close all but not part only of the actual or alleged trade in dispute) (please note that this is whether or not such action is considered desirable for minimising the amount in dispute); or
 - (k) If there occurs any other event or any other circumstance exists, where CGS SG reasonably believes that it is necessary or desirable to take any of the above actions in order to protect itself or any or all of its other Clients.
- 76.19 CGS SG reserves the right to amend the list of available tradable CFDs, which, in some instances, may change on a daily basis. Any such decision by CGS SG is final and conclusive and binding on the Client for all purposes. CGS SG will endeavour (but is not obliged) to make this information available to the Client through such means as CGS SG thinks fit. In instances where the list of available CFDs have to be amended or reduced (including but not limited to, non-availability of stock borrow), the only trading activity permissible in those CFDs is the closing of an open position.

77. Payments for Differences
- 77.1 Following Business Close on each Business Day during the term of a CFD, the Calculation Agent will determine the Contract Value of the CFD as at Business Close.
- 77.2 If the Contract Value determined under Clause 68.1 is higher than the Contract Value determined by the Calculation Agent in respect of the previous Business Close, then the Short Party must pay to the Long Party the difference.
- 77.3 If the Contract Value determined under Clause 68.1 is lower than the Contract Value determined by the Calculation Agent in respect of the previous Business Close, then the Long Party must pay to the Short Party the difference.
- 77.4 The Contract Value determined under Clause 68.1 will ordinarily be the Closing Price of the Underlying Instrument quoted by the Relevant Exchange. Where the Calculation Agent determines that the Contract Value of a CFD at Business Close cannot be determined on that basis for any reason, the Contract Value at Business Close will be the value determined by the Calculation Agent in its sole discretion.
- 77.5 Without limiting Clause 68.5, if at any time trading on an Exchange is suspended or halted in any Underlying Instrument, the Calculation Agent will, in determining the Contract Value for the purposes of Clause 68.1, at its discretion have regard to the last traded price before the time of suspension or halt.
- 77.6 For the avoidance of doubt all CFDs shall be cash settled.
- 78A. Closing a CFD
- 78A.1 During the trading hours of the Relevant Exchange on any Business Day, the Client may in the prescribed mode give CGS SG notice of the Client's wish to close any CFD (whether in whole or in part) specifying the Underlying Instrument and the proportion of such CFD that the Client wishes to close. CGS SG will use its reasonable endeavours to accept such request.
- 78A.2 Following receipt of a Closing Notice, CGS SG will use reasonable endeavours to ascertain and obtain a quote for the Closing Price and notify the Client thereof by telephone or otherwise. The Client shall forthwith notify CGS SG by telephone or otherwise and during the trading hours of the Relevant Exchange whether or not the Client is willing to accept the Closing Price. If the Client accepts the Closing Price, the CFD (or, if applicable, the relevant proportion) will be closed on the Closing Date. Any amounts payable by either CGS SG or the Client shall be paid on the Closing Date.
- 78A.3 At Business Close on the Closing Date, the difference (if any) between the Closing Value and the Contract Value of the CFD (or that part of it closed under Clause 68A.2) must be accounted for as follows:
- (a) if the Closing Value is greater than the Contract Value determined at the last Business Close pursuant to Clause 68.1, the Short Party must pay to the Long Party the difference; and
 - (b) if the Closing Value is less than the Contract Value determined at the last Business Close pursuant to Clause 68.1, the Long Party must pay to the Short Party the difference.
- For purposes of this Clause 68A.3, if the Closing Date is also the Business Day on which the CFD is entered into, the Contract Value "determined at the last Business Close" is determined using the Underlying Instrument Price at which the CFD was entered into.
- 78A.4 Notwithstanding Clauses 68A.1 to 68A.3 above, CGS SG may decide in its absolute discretion not to close out a CFD if there is a suspension of trading or a trading halt in respect of the Underlying Instrument.
- 78A.5 The Client acknowledges that CGS SG reserves the right to terminate and close out a CFD upon the occurrence of certain events as determined by CGS SG in its sole discretion. The Client agrees not to hold CGS SG liable under such circumstances.
- 78A.6 If a company, whose security represents all or part of the subject matter of a CFD, becomes subject to any receivership or judicial management proceeding as described in Part VIII or Part VIIIA of the Companies Act 1967 of Singapore or, in the case of a company incorporated outside Singapore, any proceedings analogous or similar to the proceedings set out in the aforementioned parts of the Companies Act 1967 of Singapore, the CFD is taken to have been closed at that time. The Closing Price shall be determined by the Calculation Agent who may have regard to any factors it considers appropriate including the last traded price of the Underlying Instrument.

78A.7 Without limiting any other provision of this Part H, if any Underlying Instrument ceases to be quoted on a Relevant Exchange, or is suspended from quotation or subject to a trading halt for five (5) or more consecutive Business Days, CGS SG may, in their absolute discretion, elect to terminate the relevant CFD by written notice to the Client. If CGS SG elects to do so then:

- (a) The Closing Date will be the date on which CGS SG notifies the Client of such election (the "Early Closing Date"); and
- (b) The Client will be treated as having given notice under Clause 68A on the Early Closing Date at the time CGS SG notifies the Client of such election to terminate the CFD.

78A.8 Where the Calculation Agent determines that the Closing Value of a CFD cannot be calculated on the Closing Date for any reason, the Closing Value will be the value determined by the Calculation Agent in its sole discretion.

78A.9 CGS SG will not be obliged to check or have regard to (i) any assumption made or expressed by the Client as to the effect of any trade on the Client's existing or overall positions with CGS SG; or (ii) the Client's comments that any trade placed is a trade to close all or part of an open position. CGS SG will treat all trades as a buy or a sell regardless of whether the trade has the effect of opening a new position or closing an existing one.

78A.10 All determinations and calculations made by CGS SG or the Calculation Agent pursuant to the terms and conditions of this Part H will be binding on the Client in the absence of Manifest Error.

78B. Stop Loss, Good-Till-Cancel ("GTC") and Good-For-The-Day ("GTD") Orders

78B.1 CGS SG shall be entitled to reject any request from the Client to establish stop loss, good-till-cancel and good-for-the-day orders in its sole discretion.

78B.2 All orders the Client places with CGS SG under this Clause 68B shall be:

- (a) at levels and on terms acceptable to CGS SG;
- (b) subject to the Relevant Exchange permitting this; and
- (c) subject to CGS SG agreeing to this in its sole discretion.

78B.3 All terms and conditions relevant to the Client placing any trade (which includes opening or closing any position) must be complied with both at the time any order is placed and on its execution. CGS SG is entitled to refuse to accept or fulfil any order if such terms and conditions are not complied with.

78B.4 No orders are guaranteed, and orders may be filled by CGS SG when it is reasonably able to do so. 68B.5

It is the Client's responsibility specifically and expressly to cancel any order placed which, unless the Client has done so, may be filled by CGS SG in accordance with this Clause (irrespective of whether the Client has closed any of its positions or opened any new positions).

78B.6 CGS SG is not obliged to inform the Client of the "fill" on any order, except by a Confirmation.

78B.7 Good-for-the-Day (GTD) means that the order in question will be effective during the market hours of the Relevant Exchange and until close of the Relevant Exchange. At that time the GTD order will automatically cease to have effect.

78B.8 Good-till-Cancel (GTC) means that the order will remain in effect until the order is filled or the Client cancels the order. The order in question will be effective during the market hours of the Relevant Exchange each day during the lifetime of the Client's order. For the avoidance of doubt, GTC orders in respect of new positions will not be executed by CGS SG if Client's CFD Account is under suspension.

78B.9 CGS SG reserves the right to limit any orders or positions, as it deems necessary, to minimize concentration risk, or in keeping with the Client's financial position/history, or any other reason CGS SG may deem appropriate.

78C. Errors

78C.1 A Confirmation which does not accurately reflect the terms of the relevant CFD:

- (a) does not affect the validity of the CFD entered into; and

- (b) does not entitle the Client to enforce whatever is inaccurately recorded in the deal Confirmation. The foregoing is subject to Clauses 68C.2 to 68C.4 below.

78C.2 CGS SG reserves the right to void from the outset any CFD involving or deriving from a Manifest Error or to amend the details of such a CFD to reflect that which CGS SG considers in its sole discretion acting in good faith to be the correct or fair details of such a CFD absent from Manifest Error. Clients shall not be entitled to gain an unfair advantage by Manifest Error.

78C.3 Without prejudice to the generality of the other terms mentioned herein, and in the absence of fraud or bad faith, CGS SG shall in no circumstances be liable to the Client for any loss, cost, claim, damage, demand or expense of whatsoever nature the Client may suffer or incur in connection with any Manifest Error and howsoever arising whether from direct or indirect, special, consequential or arising otherwise howsoever including loss of profit and loss of opportunity and even if CGS SG had been advised of the possibility of the same arising or the same were reasonably foreseeable.

78C.4 The exclusions and limitations of liability contained in the Clause 68C.3 above shall also apply to any loss or damage referred to therein arising by reason of the negligence of CGS SG.

78D. Default

If an Event of Default or Insolvency Event occurs or is threatened in relation to a Client, the provisions of Clause 68E below shall apply.

78E. CGS SG's Rights

78E.1 Without prejudice to any other rights of CGS SG hereunder or otherwise at law, if an Event of Default occurs or is threatened in relation to a Client, CGS SG may (but is not obliged to) in its sole discretion immediately or at any time thereafter, do any one or more of the following:

- (a) Suspend (indefinitely or otherwise) or terminate the CFD Account, or CGS SG's relationship with the Client (including all other Accounts) and accelerate any and all liabilities of the Client to CGS SG so that they shall become immediately due and payable;
- (b) Close out all or any of the Client's CFD open positions as if the Client had given a Closing Notice under Clause 68A and had accepted the Closing Price given by CGS SG;
- (c) Cancel any of the Client's outstanding orders;
- (d) Apply any amounts of whatsoever nature standing to the credit of the Client against any amounts which the Client owes to CGS SG (in respect of any CFD) (of whatsoever nature and howsoever arising, including any contingent amounts), or generally to exercise CGS SG's right of set-off against the Client (including, without limitation, to exercise any right of set-off against the CFD Account and all other Accounts of the Client as provided for under these terms and conditions);
- (e) Demand any shortfall from the Client, hold any excess pending full settlement of any other obligations of the Client, or pay any excess to the Client; and/or
- (f) Exercise such other authority and powers that may have been conferred upon CGS SG by the terms and conditions of this Part H and/or under these terms and conditions.

In relation to CGS SG's right to close out all or any of the Client's open CFD positions under Clause 68E.1(b), the Client accepts that CGS SG may close out which of the Client's positions and in what proportion that it decides in its absolute discretion.

78E.2 Notwithstanding any other provision of this Part H, the following provisions shall apply to all outstanding CFDs if an Insolvency Event occurs or is threatened in relation to a Client:

Upon the close out of all CFDs and upon the occurrence of an Insolvency Event, the amounts payable under Clause 68A.3 in respect of such CFDs shall be netted off and the net amount shall be payable by the relevant party to the other. Where the net amount is payable by the Client, such amount may be satisfied out of any margin or any other amount standing to the credit of the Client's CFD Account and, if insufficient, Client shall pay such shortfall immediately to CGS SG. Where the net amount is due to the Client, CGS SG shall use reasonable efforts to procure such amount to the Client.

78E.3 CGS SG may, concurrently or following the determination of such net amount exercise any or all of the powers specified in Clause 68E.1 above to the extent that the exercise of such rights is not inconsistent with Clause 68E.2.

78F. Adjustments, Corporate Events and Merger Events

78F.1 If any Underlying Instrument becomes subject to possible adjustment as a result of a Corporate Event the Calculation Agent shall determine the appropriate adjustment if any to be made to the Contract Value of that Underlying Instrument and/or the related Contract Quantity to account for the dilutive or concentrative effect necessary to preserve the economic equivalent of the right and obligations of the parties under the relevant CFDs immediately prior to that event. The adjustment will take effect as of the time determined by the Calculation Agent. Notice of any adjustment or amendment under this Clause shall be given to the Client as soon as reasonably practicable after the determination thereof and shall be conclusive and binding on the Client in the absence of Manifest Error.

78F.2 If at any time a Corporate Event occurs and the Calculation Agent determines (in its absolute discretion) that it is not reasonably practicable to make an adjustment under Clause 68F.1, CGS SG may give written notice of its intention to close out the CFD, in which event CGS SG is deemed to have given a Closing Notice to the Client under Clause 68A and the procedures in Clause 68A will apply. The Closing Price will then be the price reasonably determined by the Calculation Agent to be the market value of the Underlying Instrument as at the date on which CGS SG is deemed to have given a Closing Notice to Client under Clause 68A.

78F.3 The Client acknowledges that in certain circumstances CGS SG may not release funds on the closing out of a CFD if the CFD is subject to a Corporate Event at the time of close out. In such circumstances Client funds may not be released until the Calculation Agent has determined the treatment of the relevant Corporate Event.

78F.4 If a Merger Event occurs in respect of a Underlying Instrument, CGS SG may give Client notice of its intention to procure a close out of the CFD as of the date the Merger Event takes place or comes into force. If that happens, CGS SG is taken to have given a Closing Notice under Clause 68A on that date.

For purposes of Clause 68A, the Closing Price is the price reasonably determined by the Calculation Agent to be the market value of the Underlying Instrument as at the date on which the Closing Notice is deemed to have been given.

78F.5 Notwithstanding the foregoing, CGS SG reserves the right to close all open positions relating to the Underlying Instrument before the occurrence of a Corporate Event or a Merger Event.

78G. Force Majeure and Market Disruption

78G.1 If CGS SG determines in its reasonable opinion that a Force Majeure Event exists then CGS SG may in its absolute discretion (without prejudice to any other rights CGS SG may (otherwise) have):

- (a) Withdraw or discontinue CFD trading services immediately;
- (b) Cease or suspend trading and/or alter trading times for all or any markets;
- (c) Vary Initial Margin percentages, commission rates, the financing charge and/or any buying and/or selling spreads;
- (d) Close any or all open trades, refuse any trades, cancel and/or fill any orders in each case at such level as CGS SG consider in good faith to be appropriate in all the circumstances;
- (e) Immediately require payment of Margin and/or any other amounts the Client may owe CGS SG;
- (f) Vary maximum and/or minimum order size;
- (g) Suspend or modify the application of any or all of the provisions in this Part H to the extent that it is impossible or not reasonably practicable for CGS SG to comply with them; and
- (h) Take or omit to take all such other actions as CGS SG deems appropriate in the circumstances to protect itself and its clients as a whole.

78G.2 If a Market Disruption Event occurs, CGS SG may at its absolute discretion without prejudice to any other rights it may (otherwise) have, exercise all or any of the rights referred to in Clauses 68G.1 (a) to (h) inclusive. In addition, if any trades in relation to any financial instruments on which the CFD prices are based are for any reason cancelled by the Relevant Exchange on which they are traded, then CGS SG shall be entitled (without prejudice to any other rights it may otherwise have) to cancel the CFD trades relating thereto.

78G.3 CGS SG shall be entitled to do any act or thing permitted by Clauses 68G.1 or 68G.2 either with or without notice to the Client. If CGS SG gives any such notice it may be given by any of the methods referred to in Clause 86.

78G.4 Except in the case of fraud or bad faith or gross negligence, CGS SG shall not be liable to the Client for any loss, cost, claim, damage, demand or expense of whatsoever nature suffered or incurred in connection with the exercise by CGS SG of any of its rights under Clauses 68G.1 and/or 68G.2 and howsoever arising whether direct and/or indirect special consequential or arising otherwise howsoever including loss of profit and loss of opportunity and even if CGS SG had been advised of the possibility of the same arising or the same were reasonably foreseeable.

78G.5 The exclusions and limitations of liability contained in Clause 68G.4 shall also apply to any loss or damage referred to therein arising by reason of the negligence of CGS SG.

78G.6 In addition to any other rights conferred on CGS SG under this Part H, in the event of a suspension of trading in the Underlying Instrument, CGS SG shall have the right, at its discretion, to:

- (a) Require open CFD long ("buy") positions to be settled in full from the date of suspension or such date(s) as determined by CGS SG;
- (b) Suspend or close the CFD Account as if upon the occurrence of an Event of Default or Insolvency Event in accordance with Clause 68E above.

78H. Account Adjustment for Dividends

78H.1 If the Client is the Long Party, the Client's CFD Account will be credited with any Long Dividend Amounts which CGS SG receives as soon as practicable after such receipt.

78H.2 If the Client is the Short Party, the Calculation Agent will notify the Client of the amount of any Short Dividend Amount and the time that each Short Dividend Amount is payable and the Client's CFD Account will be debited accordingly. Short Dividend Amounts are usually payable on the Business Day immediately preceding the ex-dividend date of the Underlying Instrument.

78H.3 If CGS SG reasonably determines that there has been, within the term of a CFD or twelve months following the date of any dividend in respect of the Underlying Instrument, a change in any applicable law or regulation (or a change in the interpretation or application by any court, governmental or other authority of such law or regulation) that would have had the effect of reducing or increasing the amount of the ordinary cash dividend per Unit, CGS SG may adjust the dividend amount payable, as applicable, immediately by notice. Further, if any such change is to take effect prior to the date upon which CGS SG gives such notice, CGS SG may make such adjustments to the payment obligations of the parties in respect of any CFD to which it considers such change applicable.

78I. Funding Amount, Interest and Commissions

78I.1 On the same Business Day after the parties have entered into a CFD, the Client's CFD Account will be debited with the commission fees, as set out in the Confirmation thereof. This fee is in addition to any and all other payment obligations in relation to a CFD.

78I.2 Commission will be payable on the open and close of each CFD.

78I.3 (a) In respect of each CFD where the Client is the Long Party, the Client's CFD Account will be debited with the funding amount. The funding amount is calculated, accrued and paid daily on a notional amount equal to the Contract Value on each day from the date the CFD is entered into until the Closing Date.

(b) (Where applicable or relevant) In respect of each CFD where the Client is the Short Party, Client's CFD Account will be credited with the funding amount. The funding amount is calculated, accrued and paid daily on a notional amount equal to the Contract Value on each day from the date the CFD is entered into until the Closing Date.

(c) For purposes of Clauses 68I.3(a) and 68I.3(b), the Contract Value on a day that is a Business Day shall be determined as at the close of trading of that Business Day, and the Contract Value on a day that is not a Business Day shall be determined as at the close of trading on the last preceding Business Day.

(d) In respect of certain currencies, the financing rate which applies to such currency may be a negative rate. Accordingly, the required amount will be debited from the Client's CFD Account.

(e) Payments shall be settled by debiting or crediting the Client's CFD Account. If there is insufficient Free Equity in the Client's CFD Account, any amount due under this Clause is a debt due and owing by the Client.

78I.4 CGS SG reserves the right from time to time in its absolute discretion (including during the lifetime of any CFD and especially in but not limited to volatile market conditions and/or in the circumstances referred to earlier) and by notice to the Client to vary commission rates (and/or the type of CFD in respect of which it is payable, so that, for example, commission might be imposed in respect of equity indices) and/or financing rate. It is the Client's responsibility to ensure that he is aware of currently applicable commission and financing rate.

78I.5 The Client shall promptly pay (i) all funding amount, commissions, fees and charges at such rates and in such manner as CGS SG may in its sole and absolute discretion impose and stipulate from time to time with respect to the execution, performance and/or settlement of any CFD or otherwise for the maintenance of the CFD Account; and (ii) any outstanding sum on the due date of the relevant CFD, or upon demand by CGS SG as provided for in this [Part H](#).

78I.6 The Client agrees and acknowledges that, unless otherwise agreed in writing otherwise by CGS SG in its absolute discretion, the Client shall not be entitled to receive any interest in respect of any cash balances in the Client's CFD Account held by CGS SG for and on the Client's behalf for any reason whatsoever and further that all such interest shall belong to CGS SG and retained by CGS SG.

78I.7 CGS SG shall be entitled to charge interest on all amounts owing by the Client after as well as before any judgment, at such rate as CGS SG may from time to time in its sole and absolute discretion determine, provided that CGS SG shall give the Client notice of any change in such rate of interest as soon as reasonably practicable after such change becomes effective. Interest shall accrue on a daily basis on a 365-day year and be payable on the last day of each calendar month or upon CGS SG's written demand (whichever is earlier).

78J. Netting Provisions, Currency Conversion and Payments Generally

78J.1 All CFDs between the Client and CGS SG will be entered into in consideration of each other and constitute a single contract between CGS SG and the Client.

78J.2 If CGS SG exercises any rights of combination, consolidation and/or set-off pursuant to [Clause 68J.3](#), it may also, at the same time, without notice to the Client and in its absolute discretion, close, combine, consolidate and/or set-off any or all open positions which shall be or shall be deemed to be immediately closed as CGS SG reasonably sees fit and accordingly the rights contained in [Clause 68J.3](#) shall apply to all open positions.

78J.3 Without prejudice to any other rights and remedies available to CGS SG (at law or under this [Part H](#)), CGS SG reserves the right, at any time, from time to time, without notice to the Client and in its absolute discretion, to combine and consolidate any or all of the Client's accounts (of whatever nature or type the Client holds with CGS SG) and positive and negative exposures and/or to set-off all of the Client's Account balances, cash deposits, realised profits, profits on open positions and any other amounts of whatsoever nature which may be due or payable from CGS SG (in respect of any CFD) to the Client (of whatsoever nature and howsoever and whenever arising) against all interest, costs, expenses, charges, realised losses, Margin, negative positions and any and all other liabilities and amounts (of whatsoever nature and howsoever and whenever arising) owed by the Client to CGS SG (in respect of any CFD). If CGS SG exercises such rights of combination consolidation and/or set-off, all obligations for payment in respect of all the foregoing will be cancelled and simultaneously replaced by a single obligation to pay a net sum of cash to CGS SG or (if a net amount is payable to the Client) to the Client.

78J.4 CGS SG may apply the above rights regardless of the currency of any amount payable by CGS SG to the Client or by the Client to CGS SG as referred to in [Clause 68J.2](#).

78J.5 CGS SG may (whether in connection with the exercise of any rights under [Clause 68J.2](#) or otherwise) convert money standing to the Client's credit on the CFD Account or any other profit, loss, exposure or liability or any money received from the Client or due to be paid by the Client to CGS SG or by CGS SG to the Client from one currency to another at prevailing market rates available to CGS SG. CGS SG shall be entitled to charge the Client all commission costs and charges incurred in connection with the foregoing. All references in this [Part H](#) to any foreign currency equivalent to Singapore dollars or conversion of any currency into Singapore dollars or any other currency shall be construed accordingly.

78J.6 In respect of any payments due under [Clause 68](#) or in respect of the close out of a CFD, if on any date amounts would otherwise be payable in the same currency by each party to the other, then, on such date, each party's obligation to make payment of such amount will be automatically satisfied and discharged and, if the aggregate amount that would otherwise have been payable by one party exceeds the aggregate amount that would otherwise have been payable by the other party, replaced by an obligation upon the party by whom the larger aggregate amount would have been payable to pay to the other party the excess of the larger aggregate amount over the smaller aggregate amount.

78J.7 CGS SG shall be entitled to convert, at a commercial rate, any currency held in the CFD Account into a currency or currencies in which payments are due from the Client and without CGS SG being responsible to the Client for any loss resulting from such conversion.

78K. Confirmation and Query of CFD Account

78K.1 CGS SG will send the Client statements of account monthly (or at such other intervals as CGS SG deems fit or as otherwise mutually agreed between CGS SG and the Client).

78K.2 The Client consents to the receipt of Confirmations and statements of account from CGS SG in the form of an electronic record through Electronic Communications. If the Client informs CGS SG that the Client no longer wishes to receive Confirmation and/or statements of accounts in the form of an electronic record, the Client's CFD Account will be deemed to have been terminated. In the case of electronic records of Confirmations and statements of account dispatched to the Client by electronic mail, the Client shall be deemed to have received such electronic records immediately after dispatch of such electronic records from CGS SG's electronic mail server. In the case of electronic records of the Confirmations and statements of account posted on any website through which the Client may access the electronic services, the Client shall be deemed to have received such electronic records immediately after it has been posted on such website for the Client to retrieve.

78K.3 It is the Client's responsibility to be fully informed and up to date in respect of its trading positions and trades placed. As soon as the Client receives any statement or Confirmation, the Client must check it to ensure that it is correct. If the Client believes that any Confirmation or statement contains any error or omission the Client must notify CGS SG within two (2) Business Days of receipt of the same, failing which the contents of the Confirmation, in the absence of Manifest Error, will be conclusive evidence of the executed CFD.

78K.4 The Client must notify CGS SG immediately if: (i) a Confirmation is received by the Client for a trade not transacted by or for the Client (or which the Client alleges was not transacted by or for itself); (ii) the Client does not receive a Confirmation for a trade placed (or believe to have placed); or (iii) the Client has not received a Confirmation for an order the Client believes CGS SG has filled for the Client.

78K.5 Any query or dispute in respect of any trade/alleged trade or conversation/alleged conversation (together with details of the time and date thereof) must be raised with CGS SG as soon as the Client becomes aware of the same and in any event within two (2) Business Days of the date thereof (inclusive of the date of the trade/alleged trade/conversation/alleged conversation). Notwithstanding any such dispute, the Client will continue to satisfy the Client's obligation to pay CFD Margin Calls made by CGS SG in respect of the relevant CFD as if the details contained in the Confirmation were correct and not the subject of dispute.

78K.6 As mentioned earlier, the Client should keep its own record of the times and dates of its transactions and dealings with CGS SG. CGS SG is only able to effectively investigate any trade/conversation or alleged trade/conversation if the Client is able to give the time and date of the relevant matter. If the Client is unable to do so, CGS SG will take reasonable steps to investigate, but the Client should be aware that CGS SG may not be able to locate relevant records and/or tapes of trades/conversations in the absence of reasonable time and date details.

78L. Client's Representations and Warranties

78L.1 The Client represents and warrants to CGS SG that:

- (a) where the Client is a corporation:
 - (1) the Client is validly constituted under the laws of the jurisdiction of incorporation and that the Client is conducting its business in accordance with applicable laws and with its constitutive documents; and
 - (2) its ordinary activities involve acquiring, holding, managing or disposing of investments (whether as principal or agent) for the purposes of its business;
- (b) the Client has full authority and capacity to enter into the terms and conditions of this [Part H](#) and any CFD;
- (c) the agreement to terms and conditions of this [Part H](#) and the entry into any CFD does not violate or contravene any regulation or law or any order or judgment of any court or other government agency applicable to the Client or any of its assets nor any contractual restriction binding on or affecting the Client or any of its assets nor (where the Client is a corporation) its constitutive documents, and all governmental and other consents and authorisations necessary for the entry into, performance of and delivery under this [Part H](#) and/or the CFDs have been obtained or will have been obtained by the time a CFD is entered into and are, or will be, in full force and effect and all conditions of any such consents have been, or will be, complied with;

- (d) the Client is not in default in respect of any obligation under any contract or other agreement by which he is bound and will not be in default or potential default as a result of the Clients' agreement to the provisions in this Part H or any CFD, and there is no litigation or other court proceedings against or threatened against the Client that is likely to affect its ability to perform its obligations under the terms and conditions of this Part H or any CFD;
- (e) the Client's obligations under this Part H and each CFD, when entered into, constitute and will constitute its legal, valid and binding obligations, enforceable in accordance with their respective terms (subject to applicable bankruptcy, insolvency, or similar laws affecting creditors' rights generally and subject, as to enforceability, to equitable principles of general application);
- (f) all information provided by the Client to CGS SG for purposes of CFD trading was and continues to be true and accurate; and
- (g) no Event of Default or Insolvency Event or potential Event of Default or potential Insolvency Event has occurred and is continuing and no such event or circumstance would occur as a result of the Client entering into or performing its obligations under this Part H or any CFD.

The Client is deemed to repeat the above representations and warranties on each day that the Client enters into a CFD through CGS SG (acting as agent) and each day thereafter that any of the Client's obligations under the CFD remain outstanding.

78M. Alteration of Terms

The Client agrees to be bound by any amendments to the terms and conditions of this Part H as may be determined by CGS SG and notified to the Client in writing from time to time. If the Client gives written notice to CGS SG objecting to the amendments of the Terms, such notice of objection shall, unless otherwise accepted by CGS SG in its absolute discretion, be deemed to be a notice to terminate all CFDs entered into by the Client.

78N. Client Information

Without prejudice to these terms and conditions, the Client irrevocably consent to and permit CGS SG, its officers and employees, to disclose to any third party with which or with whom CGS SG may have entered into any contract or arrangement relating to, or in connection with, the offering of CFD trading services to the Client.

78O. Miscellaneous

- 78O.1 The CFD trading services offered by CGS SG pursuant to this Part H may be terminated: (a) for any reason whatsoever by either party giving the other party seven (7) days written notice; or (b) by CGS SG immediately upon the occurrence of an Event of Default or Insolvency Event.
- 78O.2 Any termination of the CFD trading services offered by CGS SG pursuant to Clause 68O.1 shall be without prejudice to accrued rights and remedies and the existence and enforceability of any open trades and/or orders (which shall continue until closed, filled or cancelled in accordance with these Terms). Any such notice of termination shall be served in accordance with Clause 86. Without prejudice to the generality of the foregoing
- (a) the termination of the CFD trading services offered by CGS SG shall not affect any liabilities of whatsoever nature the Client may have under the terms and conditions of this Part H (whether actual current and/or contingent); and
 - (b) following termination of the CFD trading services offered by CGS SG, the Client shall not be entitled to place any trade or otherwise deal as a Client save only insofar as necessary to close any CFDs were open prior to termination. If the CFD trading services offered by CGS SG is terminated, the Client must give a Closing Notice in respect of all existing CFDs within 5 Business Days of the date of termination. If the Client fails to close the CFD within that 5 Business Days period or such other time agreed between the Client and CGS SG, CGS SG may close out that CFD in accordance with Clause 68E as if that failure were an Event of Default. CGS SG will accept close orders only during this 5 Business Day period.
- 78O.3 In respect of CFDs involving securities traded on the SGX-ST, the terms and conditions of this Part H shall be read with the Singapore Rules. In the event of any conflict between the terms and conditions of this Part H and any law, rule, requirement or other provision as referred to in this Clause 68O.3, the provisions in this Part H shall be modified or superseded to the extent necessary to eliminate such conflict, but shall in all other respects continue in full force and effect.

Part I: Multi-Currency Trust Account

79. Multi-currency Trust Account

- 79.1 CGS SG may from time to time, at the request of the Client, open and maintain a Multi-currency Trust Account and deposit and retain all proceeds of sale of Securities, including but not limited to contra gains and proceeds due from any over-the-counter ("OTC") instruments.
- 79.2 The Client may from time to time make further deposits into the Multi-currency Trust Account.
- 79.3 The Client agrees and authorises CGS SG to use monies in the Multi-currency Trust Account towards satisfaction of Liabilities owing to CGS SG by the Client, including the following liabilities as and when they may fall due:
- 79.3.1 purchases of Securities, applications for rights issues, payment of exercise price for conversion of warrants, loan stocks or options, subscriptions for initial public offers, private placement, OTC instruments;
 - 79.3.2 any charges, brokerage, clearing fees, registration fees, conversion fees, transfer fees, custody fees, stamp duties, administrative fees and any other disbursements due on any Account;

- 79.5 CGS SG may, where the Liabilities and the monies in the Multi-currency Trust Account are not in the same currency, upon the prior consent of the client, effect any necessary conversion from one currency to another at such rates of exchange as CGS SG may determine at its absolute discretion on the basis of the then prevailing foreign exchange rates between such currencies.
- 79.6 The Client shall give CGS SG two (2) days' prior notice with respect to any withdrawal from the Multi-currency Trust Account.

Part J: Regular Savings Plan

80. General

- 80.1 The terms and conditions in this Part J, together with these terms and conditions, govern the provision of Investment Products made available under the Regular Savings Plan by CGS SG to the Client. In the event of any inconsistency between the provisions of this Part J and these terms and conditions, the provisions in this Part J shall prevail with respect to the Regular Savings Plan.
- 80.2 The services provided by CGS SG to the Client under this Part J will constitute Transactional Services.
- ##### 81. Interpretation of Terms
- 81.1 All capitalised terms which are not defined in this Part J shall have the same meaning as in these terms and conditions.
- 81.2 In this Part J:

"**Corporate Actions**" means any corporate event that may impact the price of the relevant Investment Product and include (but not limited to) conversion, sub-division, consolidation, pre-emption, take-over, rights to receive securities or a convertible certificate, and any entitlements arising these events.

"**Investment Amount**" means the amount designated by the Client in the Investment Instruction for the purchase of Investment Products on the Transaction Day, or any alternative amount that the Client may modify periodically.

"**Investment Instructions**" means the written and/or electronic instructions given by the Client to CGS SG

from time to time in connection with the purchase of Investment Products on the Transaction Day.

“**Investment Products**” means shares, units in exchange traded funds, or any other products as specified by CGS SG from time to time made available by CGS SG to the Client under the Regular Savings Plan.

“**Regular Savings Plan**” means a savings plan offered by CGS SG, in which CGS SG will purchase Investment Products on an ongoing basis in accordance with the Investment Instructions.

“**Transaction Day**” means a predetermined day that falls on a daily, weekly, bi-weekly or monthly basis on which CGS SG will purchase Investment Products in accordance with the Investment Instructions. If a Transaction Day falls on a day that is not: (a) a Business Day; or (b) a day on which the relevant Exchange or market is open for business (“**Working Day**”), the Transaction Day will be adjusted to the next available Business Day or Working Day (as the case may be).

82. Authorisation of CGS SG

82.1 The Client grants CGS SG the authority to execute the Investment Instructions related to the Regular Savings Plan and undertake all required actions in accordance with this Part J. CGS SG may convert amounts in the Account, received or otherwise standing to the Client’s credit to any other currency in accordance with these terms and conditions when executing Investment Instructions.

83. Investment Instructions

83.1 When the Client chooses an Investment Product made available under the Regular Savings Plan, the Client is required to specify the following details in the Investment Instructions for each Investment Product selected: (a) the Investment Amount to be utilised by the Client to CGS SG; and (b) the applicable Transaction Day.

83.2 The Client acknowledges that each Investment Product may need to meet certain investment requirements determined by CGS SG at its sole and absolute discretion, including a minimum initial Investment Amount or lot size.

84. Payment of Investment Products

84.1 The Client shall be solely responsible for maintaining sufficient funds in the Account at all times to facilitate the successful execution of the Investment Instructions as well as for covering fees incurred and/or charged by CGS SG on its behalf for the provision of the services under this Part J. Such fees include commissions, brokerage charges, charges imposed by the relevant exchanges (such as clearing fees and other exchange-related fees) and agent fees at the prevailing rates determined by CGS SG.

84.2 The Client acknowledges that CGS SG will not carry out any Investment Instructions if there are inadequate funds in the Account to fully execute the Investment Instructions or cover payments due to CGS SG for providing the services under this Part J. For the avoidance of doubt, CGS SG will not partially execute any Investment Instructions.

84.3 The Client shall ensure that there are sufficient funds in the Account to cover the deduction of its Investment Amount before withdrawing any excess funds from the Account. The Client shall be liable for any losses or damages incurred by CGS SG as a result of executing any trades in accordance with the Investment Instructions.

85. Purchase of Investment Products

85.1 The trades executed pursuant to the Investment Instructions will be on a market order basis and will take place during standard market hours of the relevant Exchange. Alternatively, CGS SG reserves the right to designate different market hours at its sole and absolute discretion.

85.2 Generally, Investment Products purchased by the Client under the Regular Savings Plan shall be credited to the Account on a fractional basis. In circumstances where fractional purchase of any particular Investment Products is not possible, the Client will receive the nearest whole number of those particular Investment Products rounded down and any such round down will be deemed to comply with the Investment Instructions in Clause 85.1.

50

85.3 If the purchase of a particular Investment Product becomes suspended, any Investment Amounts designated for that Investment Product will cease to be assigned to the suspended Investment Product from the date of suspension. Further, any Investment Instructions intended for that suspended Investment Product will not be executed until the next Transaction Day following the cessation of the suspension.

85.4 If a suspension affecting a specific Investment Product occurs after the trade has been executed but prior to trade settlement, CGS SG will hold the funds to facilitate the trade settlement when the suspension on the Investment Product is lifted. During this suspension period, the Client will not be allowed to withdraw the funds. The Client acknowledges that the suspension period may extend beyond the standard timeframes.

85.5 CGS SG reserves the right to temporarily suspend the purchase of any Investment Products associated with corporations that have initiated Corporate Actions.

85.6 CGS SG will use reasonable efforts to execute the Client’s trades in accordance with the Investment Instructions. The Client acknowledges that unforeseen circumstances or events beyond the control of CGS SG may impede the execution of these trades (such as the failure of any trading system). The Client assumes this risk, and in such instances, CGS SG shall not be liable for any losses, damages, costs, charges or expenses resulting from any failure to execute the Client’s trades.

86. Corporate Actions

86.1 The Client shall be entitled to participate in any Corporate Actions and other events that impact Investment Products held in the Account. Any proceeds or benefits resulting from Corporate Actions will be distributed or credited into the Account in proportion to the Client’s holdings of Investment Products on the relevant distribution date.

86.2 A list of such events, along with the actions that CGS SG will take on the Client’s behalf in response to various Corporate Actions, is made available on CGS SG’s website at <https://www.cgsi.com.sg/up/Corporateactions>. CGS SG reserves the right to change the list from time to time at its sole and absolute discretion without notice.

86.3 The Client expressly authorises CGS SG to take the Corporate Actions on its behalf and understands that the manner and timing of such actions will be at the sole and absolute discretion of CGS SG. The Client also acknowledges that certain types of Corporate Actions may result in a change in the quantity or valuation of Investment Products held in the Account.

86.4 Notwithstanding any other provision in these terms and conditions, the Client will not have the right to exercise any rights or powers in relation to any Corporate Actions arising from ownership of Investment Products, including voting rights and election rights. CGS SG is not obliged to forward any notices, proxies, communications, or other documents in respect of impending Corporate Actions that may affect Investment Products held in the Account.

87. Modification of Investment Instructions

87.1 The Client may from time to time change the Investment Instructions. Subject to such condition that CGS SG may prescribe at its sole and absolute discretion, changes to the Investment Instructions may be made at any time prior to the start of the relevant Exchange’s trading session on a Transaction Day. The Client acknowledges and accepts the risks associated with changing the Investment Instructions and agrees to release CGS SG from any liability if it suffers any loss or damage.

87.2 If, for any reason, CGS SG is unable to implement a change to the Investment Instructions within the specified timeframe, the revised Investment Instructions will be executed on the subsequent Transaction Day.

88. Occurrence of Events of Default

88.1 The Client acknowledges that CGS SG shall have the right to take one or more of the actions described in Clause 90.2, at its sole and absolute discretion, upon the occurrence of any of the following events or circumstances:

- (a) the Client fails to observe the terms and conditions in this Part J;
- (b) the Client becomes insolvent or bankrupt, makes any arrangement or composition with creditors, or CGS SG determines in good faith that the Client is unable to pay its debts; or

51

- (c) CGS SG, in good faith, believes that its interests would be adversely affected if the provision of the services under this Part J to the Client is not suspended or terminated.

Part K: Fractional Shares Trading

90. General
- 90.1 The terms and conditions in this Part K, together with these terms and conditions, govern the provisions of services by CGS SG to you in respect of the execution of orders ("**Fractional Shares Transactions**") to buy or sell a fraction of a Security or a non-whole board lot of Securities ("**Fractional Shares**") by CGS SG. In the event of any inconsistency between the provisions in this Part K and these terms and conditions, the provisions in this Part K shall prevail with respect to Fractional Shares Transactions.
- 90.2 The services provided by CGS SG to the Client under this Part K will constitute Transactional Services.
91. Interpretation of Terms
- 91.1 All capitalised terms which are not defined in this Part K shall have the same meaning as in these terms and conditions.
- 91.2 In this Part K,
- "**board lot**" refers to a number of shares defined by an Exchange as a trading unit (e.g. the standard board lot size on SGX-ST is 100 for shares and 1 for units of an exchange traded fund ("**ETF**").
- "**Corporate Actions**" means any corporate event that may impact the price of the relevant Investment Product and include (but not limited to) conversion, sub-division, consolidation, pre-emption, take-over, rights to receive securities or a convertible certificate, and any entitlements arising these events.
- "**Security**" means a share or a unit in an ETF listed on an Exchange, or such other product as specified by CGS SG from time to time.
92. Execution of Orders for Fractional Shares

- 92.1 The Client acknowledges that the list of Securities eligible for Fractional Shares Transactions that CGS SG may accept and execute will be determined at CGS SG's sole and absolute discretion and may be subject to such additional conditions and restrictions as CGS SG may impose from time to time.
- 92.2 The Client acknowledges that it is fully aware of certain risks associated with entering into Fractional Shares Transactions. In particular, the Client understands that these risks would include risks associated with market volatility and liquidity.
- 92.3 The Client may place an order for Fractional Shares through the following order type (or such other order type (such as limit orders) that CGS SG may prescribe from time to time):
- 92.3.1 Market Order: A "**Market Order**" means an order that prioritises execution over all factors. A Market Order will trade through the order book to match the specified quantity. If a Market Order is placed, the Market Order will be matched at the best possible price at the point of execution.
- 92.4 All Fractional Shares Transactions shall be cash settled, and CGS SG may convert amounts in the Account, received or otherwise standing to the Client's credit to any other currency in accordance with these terms and conditions when carrying out the Client's orders for Fractional Shares. The Client shall be solely responsible for maintaining sufficient funds in the Account at all times to facilitate the Fractional Shares Transactions.
- 92.5 CGS SG has the sole and absolute discretion to accept orders for Fractional Shares Transactions and is entitled to refuse to accept or fulfil any orders.
- 92.6 The Client acknowledges that when the Client chooses to place an order for Fractional Shares, the order may not be executed should such order: (a) not be filled or partially filled by the relevant Exchange(s) due to market conditions or otherwise; or (b) be subject to any restrictions imposed by the rules, customs, or practices of the relevant Exchange(s) and/or the relevant laws.
- 92.7 If, for any reason, any Security is no longer eligible for Fractional Shares Transactions, the Client will not be able to place any new orders for that Security. The list of Securities eligible for Fractional Shares Transactions during the official trading hours of the relevant Exchange or during extended-hours trading (that is, pre-market trading or after-hours trading) will be determined at CGS SG's sole and absolute discretion and may be subject to such additional conditions and restrictions as CGS SG may from time to time impose. During extended-hours trading, any orders placed by the Client may be queued for execution during regular trading hours trading and this may result in delays of the execution of such orders. The Client acknowledges that extended-hours trading poses certain risks (such as lower liquidity and price changes) and agrees that CGS SG shall not be responsible or liable for any losses incurred by the Client whatsoever as a result of or in connection with trades executed outside official trading hours.
- 92.8 When CGS SG accepts an order or executes a Fractional Shares Transaction for the Client on a particular Exchange or market, it may act as agent, principal, or a combination of both depending on the rules of the Exchange or market. Unless otherwise notified by CGS SG, CGS SG will act as principal in a Fractional Shares Transaction at all times.
- 92.9 In executing a Fractional Shares Transaction, CGS SG may, at its sole and absolute discretion, place the order with an executing broker who will arrange for execution of the order on a particular Exchange or market. CGS SG shall not be responsible for the errors, omissions or insolvency on the part of such executing broker and cannot be made liable by the Client for any loss suffered (directly or indirectly) owing to such error, omission or insolvency of such executing broker.
- 92.10 In executing the Client's order, CGS SG or its executing broker may be subject to certain rules and regulations relating to how it executes the Client's order or transmits the Client's order for execution. The Client consents to the execution of the Client's orders in such circumstances and acknowledges that CGS SG will not be liable for any losses the Client may suffer as a result of the execution of the Client's orders in such circumstances.
93. No transfer of Fractional Shares
- 93.1 Unless specified in Clause 93.2, the Client will not be permitted to transfer any Fractional Shares, or any Fractional Shares that can be combined to constitute whole board lot sizes, from the Account to an alternate account maintained by the Client with different custodians.

- 93.2 If the Client opts to close the Account, CGS SG may, at its sole and absolute discretion, allow the Client to transfer all of the Fractional Shares out of the Account in accordance with clause(s) 93.3 and 93.4.
- 93.3 To effect the transfer of Securities out of the Account, the Client must first liquidate all of its holdings of Fractional Shares (which cannot be combined to constitute whole board lot sizes) through CGS SG. Once all such holdings of Fractional Shares have been successfully liquidated so that only whole board lot sizes are remaining within the Account, the transfer of these whole board lot Securities out of the Account will be facilitated by CGS SG.
- 93.4 For avoidance of doubt, any transfer of board lot Securities out of the Account will be subject to terms and conditions imposed by CGS SG and any restrictions imposed by Singapore Rules or Foreign Rules (as the case may be). This includes the right to charge the Client a fee for accepting and executing such instructions.
94. Custody of Fractional Shares
- 94.1 The Client agrees and acknowledges that any Fractional Shares purchased through CGS SG will be held by CGS SG as custodian (or with a foreign custodian appointed by CGS SG).
- 94.2 The Client acknowledges that, subject to Singapore Rules or Foreign Rules, and the rules, customs or practices of the relevant Exchange(s), or of any custodians or depository agents having custody of the relevant Fractional Shares, the Client may be required to close any open positions and/or do such things as may be required under the aforesaid rules, customs or practices of the relevant Exchange(s) in relation to the Fractional Shares held in the Account.
95. Corporate Actions
- 95.1 The Client shall be entitled to participate in any Corporate Actions and other events that impact the Securities held in the Account. Any proceeds or benefits resulting from Corporate Actions will be distributed or credited into the Account in proportion to the Client's holdings of Fractional Shares on the relevant distribution date.
- 95.2 A list of such events, along with the actions that CGS SG will take on the Client's behalf in response to various Corporate Actions, is made available on CGS SG's website at <https://www.cgsi.com.sg/up/Corporateactions>. CGS SG reserves the right to change the list from time to time at its sole and absolute discretion without notice.
- 95.3 The Client expressly authorises CGS SG to take the Corporate Actions on its behalf and understands that the manner and timing of such actions will be at the sole and absolute discretion of CGS SG. The Client also acknowledges that certain types of Corporate Actions may result in a change in the quantity or valuation of Fractional Shares held in the Account.
- 95.4 Notwithstanding any other provisions in these terms and conditions, the Client will not have the right to exercise any rights or powers in relation to any Corporate Actions arising from ownership of Fractional Shares, including voting rights and election rights. CGS SG is not obliged to forward any notices, proxies, communications, or other documents in respect of impending Corporate Actions that may affect the Fractional Shares held in the Account.

Part L: Transactions in Foreign Exchanges

96. Use of Foreign Agents
- 96.1 The Client acknowledges and agrees that in Transactions involving Foreign Securities (the "Foreign Transactions"):
- 96.1.1 CGS SG may employ the services of agents (the "Foreign Agents") in order to effect such Foreign Transactions; and
- 96.1.2 these Foreign Transactions will be subject to terms and conditions that are imposed by the Foreign Agents.
97. Foreign Rules to Prevail
- 97.1 All Foreign Transactions are subject to the Foreign Rules.
- 97.2 In the event of any conflict between these terms and conditions and the Foreign Rules, these terms and conditions shall be modified or superseded to the extent necessary to eliminate such conflict, but shall in all other respects continue in full force and effect.
- 97.3 CGS SG and the Foreign Agent are entitled, and are hereby authorised by the Client, to take any action or refrain from taking any action (including the disclosure of any information relating to the Client or the Foreign Transactions) which CGS SG or the Foreign Agent (as the case may be) considers appropriate for the purpose of complying with the Foreign Rules. Neither CGS SG nor the Foreign Agent nor any of their respective officers, directors or employers shall be liable as a result of taking or refraining from taking any action in good faith in the circumstances contemplated by this Clause 71.3.

Part M: Electronic Communications

98. Authority, Authenticity and Security
- 98.1 The Client acknowledges and agrees that the Client accepts full responsibility for the security and authenticity of all communications sent via the Electronic Communications to CGS SG or its Affiliates and the Client agrees to be bound by all such communications. CGS SG shall be entitled to assume that all instructions or communications received and which bear the Client's user identification is that of the Client's and CGS SG shall be under no obligation whatsoever to verify that such instructions or communications is in fact that of the Client's.
- 98.2 The Client is aware that orders and information transmitted via Electronic Communications or through the Online Services are generally transmitted via the Internet may be routed via public, transnational installations which are not specifically protected, and although CGS SG will take commercially reasonable efforts to ensure that there is no unauthorised access made by any third party through the Online Services, CGS SG cannot guarantee that the orders and information so transmitted will in fact be completely protected against such unauthorised access, and the Client accepts these associated risks.
99. Use of Electronic Communications
- 99.1 The Client understands and accepts that:
- 99.1.1 without prejudice to the foregoing, the Client shall be bound by its binding offer to purchase Securities until it receives either a trade confirmation or a refusal notification from CGS SG. If the Client does not receive a trade confirmation or refusal notification from CGS SG within 10 minutes after the Client has activated the "Trade" field, the Client must immediately inform CGS SG via telephone, failing which there shall be no warranty or guarantee that any instruction for any Transactions shall have been successfully received by CGS SG;
- 99.1.2 CGS SG is not responsible for order-routing and CGS SG cannot execute any order that it has not received;
- 99.1.3 any order sent by the Client via Electronic Communications shall only be deemed to be received by CGS SG when CGS SG has successfully retrieved such order from the relevant system and duly notified the Client of such receipt in accordance with Clause 73.1(a) above. The Client agrees that sections 13(1) to 13(4) of the Electronic Transactions Act 2010 shall not apply and that the Client shall be liable for any damage that may be caused through the use of the Internet (by the Client, the Client's personnel (where applicable) and CGS SG) – i.e. through loss, delay, misunderstandings, corrupted texts, unauthorised interceptions by third parties or duplicates – save for the fraud, wilful default or grossly negligent conduct of CGS SG;
- 99.1.4 orders transmitted via the Electronic Communications may not be executed immediately or according to time priority;
- 99.1.5 in the case of market orders the Client will receive the price at which the Client's order is executed on the Exchange, which may be substantially different from the price at which the Securities are traded when the Client's order is placed;
- 99.1.6 an order can be cancelled (i) if the Client's request to cancel the order is received before the order is executed, or (ii) at the discretion of CGS SG.
- 99.2 In the event that either party suspects that the other is not receiving the correct communication via the Electronic Communications, that party shall communicate with the other using telephone, facsimile, telegraphic and such other devices as may be necessary.
- 99.3 Without prejudice to Clause 73.2 above, in the event that it comes to the attention of the Client that the Client (or the Client's authorised personnel, where applicable) has made an input error in the order made via Electronic Communications, the Client will communicate the error to CGS SG immediately via telephone (or such other devices as may be necessary). Where the erroneous order has not yet been executed by CGS SG, that order may be cancelled by the Client in accordance with Clause 73.1(f) above.
- 99.4 Without prejudice to Clause 2B, CGS SG may (but owes no duty to) decline to act on an order or instruction issued by the Client (or, where applicable, the Client's authorised personnel) in respect of a Transaction where such order or instruction is ambiguous, incomplete or inconsistent with any other order or instruction (which is received and authenticated via the Security Information or in the course of any login session accessed

via the Security Information). If CGS SG so declines to act, it may notify the Client and/or his authorised personnel (where applicable) as soon as reasonably practicable thereafter. CGS SG may further defer taking further action until it has been satisfied in its sole and absolute discretion as to such matters as it may require clarification or verification.

- 99.5 The Client agrees that he will not dispute the validity or enforceability of Transactions conducted electronically and use of the Electronic Communications in connection with the Client's use of the Online Services and, to the extent permissible under the applicable law, he will waive any argument, defence or objection as to the legal effect, validity or enforceability of any Transactions or matter conducted through the Online Services that is based on the ground that any relevant writing or written document is in the form of an electronic record.
- 99.6 The Client also expressly agrees that neither the authenticity nor accuracy of the contents of any electronic records, documents or output generated by the Client's use of the Online Services will be disputed and agree to their admissibility without further requirement of proof of authenticity or accuracy in a court of law under applicable evidentiary law, rules or regulations (including, without limitation, the Evidence Act 1893, the Evidence (Computer Output) Regulations and associated Schedules to the same).

The Client agrees that the Client will use the Electronic Communications at his own risks and will satisfy himself as to whether the Electronic Communications meet his requirements.
101. Withdrawal of Electronic Communications
- 101.1 CGS SG reserves the right to alter, withdraw or stop accepting the Client's instructions given via the Electronic Communications upon giving seven (7) days' notice of its intention to do so.

Part N: Online Services

102. Provision and Use of Online Services
- 102.1 Subject to the provisions of Part N of these terms and conditions, CGS SG will, at the Client's request, make the Online Services available to the Client. These Online Services are subject to certain terms and conditions relating to their use which can be found on the website(s) of CGS SG for the provision of these Online Services.
- 102.2 The Client agrees and acknowledges that the Securities made available via the Online Services may include Securities issued by third party issuers other than CGS SG. These third party issuers bear the risk that the relevant third party issuers may not be able to fulfil its obligations under the terms of the relevant Securities on any due date, and CGS SG will not bear any liability in the event of a default of such third party issuer of the terms of a particular Security. The Client confirms that they have read the relevant issuance documents (e.g. including term sheets, final terms etc) and generally any such documents which have been made available via the Online Services with respect to the Securities. Such documentation will have been prepared by the relevant third party issuer without the assistance or involvement of CGS SG. For the avoidance of doubt, CGS SG will not have performed any validation or confirmation as to the accuracy of the relevant documentation and will only have been involved in the use of specific IT services to the extent necessary to record and/or upload such documentation for the purposes of the Online Services. CGS SG therefore does not make any representation or give any warranty with respect to the accuracy or completeness of the information contained in the relevant documents, and CGS SG disclaims all liability for any damage that may be suffered by the Client (and, where applicable, his personnel) as a result of inaccurate or incomplete information contained in any such document. CGS SG does not owe any obligation to or undertake to review, vet or otherwise edit the same and in this regard, the Parties agree that CGS SG is a "network service provider" for the purposes of the Electronic Transactions Act 2010.
- 102.3 Without prejudice to any other rights of CGS SG (whether under these terms and conditions, at law or in equity), CGS SG may at any time and in its absolute discretion restrict, either in whole or in part, the Client's right to use (and, where applicable, the right of his relevant authorised personnel to use) the Online Services or to render the right conditional in particular upon the occurrence of force majeure events, technical breakdowns, market disruptions with regard to the available underlyings or if there is a suspicion of abusive and/or unlawful conduct by the Client and/or (where applicable) his authorised personnel. CGS SG may also without prior notice to the Client limit the list of Securities available to the Client via the Online Services, impose conditions of access upon the Client and/or (where applicable) their personnel or restrict or deny the Client's and/or (where applicable) their personnel's access to the Online Services temporarily or permanently either in whole or in part.

102.4 CGS SG may, in its sole and absolute discretion, determine and vary the frequency, manner of use or availability of the Online Services from time to time. CGS SG may also make changes to the Website(s) and the contents thereof from time to time. CGS SG shall only use reasonable endeavours to provide the Online Services. Any transmissions made by either the Client to CGS SG or CGS SG to the Client using the Online Services shall be on a "reasonable endeavours" basis and consequently, CGS SG shall be under no obligation to give effect to any such transmission and may refuse to carry out such transmission without giving a reason for such refusal. Where such transmissions are Electronic Communications, Part M of these terms and conditions shall apply to such communications from the Client to CGS SG.

102.5 The Client shall be responsible for acquiring and maintaining any and all equipment necessary for utilising the Online Services. CGS SG may from time to time stipulate the minimum specifications for the equipment necessary to access the Online Services but accepts no responsibility for the Client's inability to access the Online Services by reason of any deficiency in the Client's equipment.

102.6 In order to utilise the Online Services, it may be necessary for CGS SG to supply software to enable the Client to utilise the Online Services. If such software is supplied, the Client acknowledges that he only has a non-exclusive and non-transferable licence to use such software and CGS SG may impose such further terms and conditions on the use of such software that it in its sole and absolute discretion deems fit. Upon termination of the Client's use of the Online Services, any software so licensed to Client shall be returned to CGS SG and, depending on CGS SG's instructions, all copies and documentation in respect thereof in the Client's possession or control shall either be returned to CGS SG or destroyed. Where the copies and documentation are to be destroyed, the Client shall submit to CGS SG written proof of such destruction.

102.7 Where the Client uses the Online Services to carry out any Transactions, the Client acknowledges and agrees that Part M of these terms and conditions shall apply to all such Transactions.

103.1 The Client agrees to pay for all fees and charges associated with the use of the Online Services, including, without limitation, those of any third party service providers whose services are accessed through the Online Services.

103.2 The Client may be required to place a deposit with CGS SG before the Client can begin utilising the Online Services. CGS SG may use such deposit to set-off against any sums owed to it by the Client and shall return the balance of such deposit, if any, free of interest upon the termination of the Online Services.

104. Password and Security

104.1 The Client agrees that he accepts full responsibility for the secrecy and confidentiality of the user identification code, password and any technological devices which CGS SG may provide to the Client for the purposes of enabling his access to the Online Services (collectively, the "Security Information") issued or to be issued to him by CGS SG for the purposes of gaining access to the Online Services. The Client agrees to take reasonable security precautions with regard to the maintaining of the confidentiality of and preventing unauthorised access to the Security Information and agrees that he will be wholly and solely responsible for preserving the confidentiality and secure use of their Security Information.

Notwithstanding the availability or the Client's use of the Security Information, the Client agrees that CGS SG may, at its sole discretion and without stating reasons, require that the Client (or, where applicable, any of his personnel) provide identification, authorisation or authentication via alternative means.

104.2 The Client acknowledges without reservation that all consequences of use of the Security Information by the Client (and, where applicable, his personnel) whose identification has been correctly verified by the CGS SG system shall be deemed to have been established and authorised by the Client, attributed to the Client and shall be legally binding upon him at all times, even if a case of abuse is involved.

104.3 For the purposes of preserving a high level of security, the Client agrees that CGS SG may, at any time in its sole and absolute discretion, invalidate, suspend or cancel any of the Security Information. CGS SG shall not be liable to the Client or any third party for any loss of any kind howsoever arising from or in connection with such invalidation, suspension or cancellation.

104.4 If it is likely that unauthorised persons may have become aware of any Security Information or any applicable means of identification, the Client must inform CGS SG immediately without delay and issue a request to CGS SG to have its access (via the compromised Security Information or other applicable means of identification) to the Online Services interrupted, suspended or blocked, providing full particulars and any further information as CGS SG may need to verify the request. On receipt of the request and information, CGS SG may (but does not owe any duty to):

104.4.1 vary, suspend or cancel the compromised Security Information or applicable means of identification within a commercially reasonable time thereafter (upon which CGS SG may give the Client notice of the same as soon as reasonably practicable thereafter);

104.4.2 decline to grant access to the Online Services or any part thereof; and/or

104.4.3 decline to act on any order or instruction in respect of any Transaction that is authenticated or facilitated through such Security Information or in the course of any login session accessed via such Security Information.

In the event of abuse of the Security Information or use of access information by unauthorised persons, the Client shall be liable in full for any direct and indirect damage arising from or in connection with the same and undertakes to fully indemnify CGS SG against any claims, proceedings or losses of whatever nature howsoever arising.

104.5 The Client must likewise take the necessary security precautions on the data terminals or devices which are used to access the Online Services (e.g. up-to-date virus protection, firewalls, sufficient data security, Client login verification, file transfers etc.) such that no third party can gain access to the Online Services via such data terminals or devices. In particular, the Client should:

104.5.1 ensure that the technological device is safely stored away;

104.5.2 notify CGS SG immediately if the technological device is lost or fails to function as intended;

104.5.3 change his password regularly, and change his password immediately if he suspects that someone knows it;

104.5.4 not download any applications or software that is of dubious or doubtful origin;

104.5.5 not allow any other person to keep, use or tamper with their technological device or reveal any one-time passwords which may be generated by the device; and

104.5.6 not record his password or username anywhere or base his username or password on personal information such as his name, telephone number, date of birth or the like.

104.6 The Client acknowledges, in particular, the following risks connected with use of the Internet:

104.6.1 unnoticed spying on the Client's computer or mobile device by means of spyware;

104.6.2 modification of data and programs by viruses, trojans, etc.;

104.6.3 collection of access data by the Internet service providers (senders, addressees, dates/times); and

104.6.4 unauthorised access by third parties owing to an inadequate knowledge and/or lack of knowledge of the system by the Client.

104.7 CGS SG may, from time to time, prescribe or undertake such additional amendments or review of its security procedures, authentication and authorisation process, tools and mechanisms (including but not limited to authorisation, authentication, confirmation of the identity of Clients and Transactions), and provide such amendments as may be required to comply with the applicable law or industry practices or as it may deem necessary or desirable. The Client will (and will ensure (where relevant) that his authorised personnel will) comply with and adopt any or such further or new requirements or updates to such procedures, authentication and authorisation process, tools and mechanisms as may be so prescribed.

105. No Representation

105.1 The Client acknowledges that the Online Services are made available to the Client by CGS SG on an "as is" and "as available" basis without any representations, warranties, conditions or undertakings of any kind, whether expressed or implied, and confirms that CGS SG, to the maximum extent permitted by law, has not given any such representations, warranties, conditions or undertakings in respect of any part of the Online Services or the reliability or quality thereof. The Client acknowledges and agrees that the Client's use of the Online Services is at the Client's own risk and the entire risk as to satisfactory quality, performance, accuracy and effort is with the Client.

106. No Offer or Solicitation

106.1 The content of the Website(s) shall not be used or considered to be an offer to sell or a solicitation to buy Securities or any other instruments or products from CGS SG or its Affiliates. It shall be the Client's responsibility to ensure that he does not contravene any Singapore Rules and/or Foreign Rules before using the Online Services or dealing in any product referred to on the Website(s). The Client shall be deemed to have complied with all applicable Singapore Rules and Foreign Rules when he continues to access the Website(s).

107. Provision and Publication of Information

107.1 The Client agrees that CGS SG does not guarantee nor warrant the accuracy, completeness, timeliness of any information provided by CGS SG through the Online Services and that such information is for the Client's personal use only and that the Client will not make copies, retransmit, redistribute or republish or resell such information in any form. Without prejudice to the above, any information obtained from the Online Services that purports to provide up to-date information (including but not limited to foreign exchange rates or other quotations or rates) are indicative rates only and may differ from actual prevailing quotations or rates.

107.2 The Client agrees that he cannot and shall not delete copyright or other intellectual property rights notices from printouts of electronically accessed information.

107.3 CGS SG gives no warranty or guarantee on the authenticity, identity, competence or otherwise of any third party who created, displayed, supplied or transmitted information on or through CGS SG and/or the Website(s) over which CGS SG has no control and the Client should carefully read the terms and conditions governing the use of such third party information.

108. Disruption, Suspension and Termination of Services

108.1 The Client agrees that CGS SG has the sole and absolute discretion to restrict, suspend or terminate the Client's access to any part of the Online Services without giving reason and/or prior notice to the Client.

108.2 The Client also agrees that use of Online Services may be delayed or affected by:

108.2.1 the failure or interruption of telephone network, computer network or other system that are necessary for the use of the Online Services;

108.2.2 system maintenance or system upgrades; and

108.2.3 any other event or circumstance beyond the control of CGS SG, including but not limited to that in Clause 85A.

108.3 The Client must give CGS SG seven (7) days' notice in writing to terminate the Online Services. Such notice to terminate the Online Services shall be effective only upon actual receipt thereof by CGS SG and shall not release any Party from fulfilling obligations incurred prior to the receipt of the notice of termination and these obligations shall continue to be governed by these terms and conditions until the receipt of the notice of termination or the full and effective performance or conclusion of such obligations.

109. Exclusion of Liability from Use of the Online Services

109.1 The Client acknowledges and agrees that CGS SG shall not be liable for any direct, indirect, incidental, punitive, special or consequential loss, damages, costs, and charges suffered by the Client or any other party howsoever caused arising directly or indirectly in connection with (i) the Online Services, the Website(s) and/or any electronic instruction received from the Client or purported to have been received from the Client and/or any Electronic Communications and/or CGS SG's compliance with the same, notwithstanding that the integrity of the information comprised in such instruction may have been compromised or impaired during transmission, provided that such compromise or impairment would not have been apparent to a reasonable person receiving such instruction;

(ii) the Online Services not being available due to system maintenance or breakdown/non-availability of any network; and/or (iii) the Client being deprived of any use of any of the Online Services and/or the Website as a consequence of any action by CGS SG or any agent or sub-contractor of CGS SG.

109.2 Without prejudice to Clause 83.1 above, in no event shall the total liability of CGS SG, CGS SG's Affiliates or CGS SG's service providers to the Client for any and all damages not excluded exceed in aggregate the amount of S\$10,000.

Part O: Electronic Payment for Securities

In order for the Client to utilise the Electronic Payment for Shares Service, the Client shall execute such forms and/or documents that CGS SG may require from time to time.

110.2 CGS SG shall in its discretion be entitled from time to time to pay the Sales Proceeds and contra gains due to the Client arising from the Transactions effected through the Account and any other sums owed by CGS SG to the Client through the Electronic Payment for Shares Service to the Designated Bank Account. For the avoidance of doubt, CGS SG may, at its option, elect to make the payments described in this Clause 84.2 to the Client by cheque and such election shall be binding on the Client. No payments will be made by CGS SG to the Designated Bank Account through the Electronic Payment for Shares Service on Saturdays or half Business Days of the Participating Banks or CGS SG. These terms and conditions shall also continue to be binding on the Client notwithstanding any change in its name or constitution or the name or constitution of CGS SG, or the consolidation or amalgamation of the Client into or with any other entity, or the consolidation or amalgamation of CGS SG into or with any other entity (in which case the terms shall be binding on the successor entity).

127 Anti-bribery and anti-corruption

127.1 Each Party undertakes not to (whether by itself/himself/herself or through any of its directors, officers, employees or agents, as is applicable) offer, promise, give, authorise, solicit or accept any gift, favour, kickback, or other improper payment or consideration to or from (or imply that they will or might do any such thing in future) any person, in order to secure assistance, influence, business or other improper advantage in connection with any of the services or transactions provided, received and/or executed under these terms and conditions, whether in Singapore or elsewhere.

127.2 Each Party shall and shall procure that its directors, officers, employees or agents, as is applicable (who are involved in the services or transactions provided, received and/or executed under these terms and conditions) shall, comply with all applicable laws and regulations relating to anti-bribery and anti-corruption including but not limited to Singapore's Prevention of Corruption Act 1960 in connection with the services or transactions provided, received and/or executed under these terms and conditions."

128 Entire Agreement and Amendments

128.1 These terms and conditions, constitute the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior agreements between the parties, whether written or oral, relating to the same subject matter.

128.2 The Client agrees to be bound by any amendments to these terms and conditions as may be determined by CGS SG and notified to the Client in writing from time to time. If the Client gives notice in writing to CGS SG objecting to the amendments of the terms and conditions, such notice of objection by the Client shall, unless otherwise accepted by CGS SG in its absolute discretion, be deemed to be a notice to terminate all the Client's agreements with CGS SG.

Schedule I: Risk Disclosure Statement

Part 1: Risk Disclosure for Securities

Unless otherwise specified or the context otherwise requires, the words and phrases in Part 1 of this statement shall have the same meaning as the words and phrases in these terms and conditions.

The Risk Disclosure Statement contained in this Part 1 shall apply where you trade or transact in Securities.

This brief statement cannot and does not disclose all of the risks and other significant aspects of investing or trading in Securities. We recommend that:

1. You seek the advice of your financial, legal and other professional advisors concerning the risks associated with investing or trading in Securities.

- 2 You undertake trading or investing in Securities only:
- a) if you understand the nature of the products which you are investing or trading in and the extent of your exposure to risk; and
 - b) if you have carefully considered whether trading or investing is appropriate for you in light of your experience, objectives, financial and other relevant circumstances.

The following specific points should be considered by you:

1. Documentation

To ensure that you clearly understand the legal relationship between CGS SG and yourself, you should carry out a comprehensive review of these terms and conditions with your legal adviser.

2. Securities

2.1 Investing in Securities involves market, currency, economic, political, social, business and investment risks. The price of Securities that are quoted and listed on any securities exchange (including the securities exchanges owned, operated or maintained by SGX-ST) can and will fluctuate, and any individual security may experience upward or downward movements in its price, and may even become valueless. There is an inherent risk that losses may be incurred rather than profit made as a result of buying and selling Securities traded on the SGX- ST including the loss of the entire principal amount invested.

2.2 Past performance is no guarantee of future results. Index returns shown are historical and include the change in share price, reinvestment of dividends, and capital gains. Indexes are unmanaged and do not reflect the impact of transaction costs.

2.3 Market conditions (e.g. illiquidity of a security) and/or the operation of the rules of certain markets (e.g. the delisting of Securities or the suspension of trading in Securities) and/or any request by a company to suspend trading of its shares (e.g. prior to major announcements) may increase the risk of loss by making it difficult or impossible to effect transactions or liquidate or offset your positions in such Securities.

2.4 Securities may also be compulsorily acquired in a take-over or pursuant to a scheme of arrangement.

3. Custodian Services

3.1 You also acknowledge that there may be risks in leaving Securities and assets in CGS SG's safekeeping. Such risks could involve the loss of all your Securities and assets and diminished investor protection. In spite of such risks, you agree that you are prepared to assume these risks by leaving the Securities and assets with CGS SG for safekeeping.

3.2 In relation to Foreign Securities, CGS SG will appoint foreign custodians to safe-keep your Foreign Securities or assets. Notwithstanding paragraph 3.3, there may be additional risks in relation to such foreign custodians, including risks arising from the operation of foreign law, rules and regulations, and you agree to accept such risks.

3.3 You agree, acknowledge and understand when CGS SG appoints foreign custodians, such appointment will be subject to the following standard terms and conditions:

- a) your Foreign Securities or assets will be held in an account designated as "CGS International Securities Singapore Pte Ltd— Clients' Account" (the "Clients' Custody Account") and not commingled with CGS SG's own holdings of Foreign Securities or assets;
- b) the foreign custodian will not claim any lien, right of retention or sale over any Foreign Securities or assets in the Clients' Custody Account.

However, any lien or claim over these Foreign Securities or assets before they are transferred to the Clients' Custody Account is not affected;
- c) the foreign custodian will not withdraw the Foreign Securities or assets from the Clients' Custody Account except for:
 - i) delivery of Foreign Securities against a sale contract executed through the foreign custodian; or

- ii) transfer of Foreign Securities or assets in accordance with written instruction given by CGS SG's authorised signatories; or

- iii) delivery of Foreign Securities or assets directly to CGS SG as instructed by CGS SG's authorised signatories;

- d) subject to paragraph 4.1, the foreign custodian will protect any entitlement arising from the Foreign Securities in the Clients' Custody Account including but not limited to coupon or interest payment;

- e) the foreign custodian may not be liable in the event of any loss of Foreign Securities or assets maintained in the Clients' Custody Account; and

- f) the foreign custodian will not mortgage, charge, pledge, hypothecate or lend any of the Foreign Securities in the Clients' Custody Account without CGS SG's prior written approval.

4. Rights Issue, Warrants and Other Options

4.1 Investing in rights issues, warrants and other options (each a "Right" and collectively, "Rights") carry the following additional risks:

- a) the Rights are wasting assets which become worthless when they expire. You run the risk of losing the entire amount paid for the Rights in a relatively short period of time. If you neither sell your Rights in the secondary market nor exercise them prior to their expiration, you may lose your entire investment in the Rights;

- b) the fact that Rights become valueless upon expiration means that you must not only be right about the direction of an anticipated price change in the underlying interest, but must also be right about when the price change will occur;

- c) the more a Right is out of the money and the shorter the remaining time to expiration, the greater the risk that you will lose all or part of your investment in the Right. The greater the price movement of the underlying Securities necessary for the Right to become profitable (that is, the more the Right is out of the money when purchased and the greater the cost of the Right) and the shorter the time within which this price movement must occur, the greater the likelihood that you will incur a loss;

- d) the exercise provisions of a Right may create certain risks for you. If the Right does not have an automatic feature, you must, to exercise the Right, assure that action is taken in a timely manner. Accordingly, you must give such instructions to, and where necessary make such payments in reasonably sufficient time, for CGS SG to exercise or procure the execution of such instructions. On the other hand, if the Right has an automatic exercise feature such as one that will cause the Right to be automatically exercised at the expiration if it is in the money by a specified amount the Right may be exercised at a price at which you would not voluntarily choose to exercise in view of the transaction costs of exercise or other factors. The transaction costs associated with the exercise could even exceed the cash settlement amount of the Right, with the result that you would incur a net loss from the exercise; and

- e) in the case of Foreign Securities, the exercise of Rights may be subject to any applicable foreign rules, laws or regulations. It is possible that a court, a stock exchange or another regulatory agency having jurisdiction would impose a restriction which would have the effect of restricting the exercise of a Right. In such a case the Right would not be exercisable until the restriction was terminated. In the remote possibility that the restriction were to remain in effect until the expiration of the Right, the Right would expire worthless, and you would lose the entire amount that you paid for the option.

5. Structured Transactions

5.1 Where a transaction is "structured" or made up of several instruments, there may be risk associated with each instrument and the transaction as a whole. Therefore, your assessment of the transaction should consider the individual instruments and the transaction as a whole.

5.2 Certain transactions may be high risk transactions. The net outcome will therefore depend on the performance of the underlying reference obligations, assets and/or certain other financial instruments or indices (the "underlying indicator"), or on whether the underlying indicator forms part of the security under the transactions. You should therefore ensure that you fully understand the risks involved in the underlying indicator and satisfy yourself that you are willing to accept such risks.

5.3 As these structured transactions are usually executed over-the-counter, it may be difficult for you to, among others, liquidate an existing position or assess your exposure to such transactions. You should therefore factor this uncertainty in your overall consideration of your investment in these transactions.

6. Margin Financing Facility

6.1 You can lose more funds than you deposit in the Margin Trading Account. A decline in the value of Securities that are purchased using the Margin Financing Facility may require you to provide additional funds to CGS SG to avoid the forced sale of any or all of the Securities in your Account(s).

6.2 CGS SG can force the sale of Securities in your Account(s). If the equity in your Account(s) falls below the maintenance Margin requirements under the law, or CGS SG's higher "house" requirements, CGS SG can sell the Securities in any of your Account(s) held at CGS SG to cover the Margin deficiency. You also will be responsible for any short fall after such a sale.

6.3 CGS SG can sell your Securities without contacting you. Some investors mistakenly believe that CGS SG must contact them for a Margin call to be valid, and that CGS SG cannot liquidate Securities in their Account(s) to meet the call unless CGS SG has contacted them first. This is not the case. CGS SG will attempt to notify you of Margin calls, but it is not required to do so. However, even if CGS SG has contacted you and provided a specific date by which you can meet a Margin call, CGS SG can still take necessary steps to protect its interests. This may include immediately selling all or any of the Securities in your Account(s) without notice to you.

6.4 You are not entitled to choose which Securities in your Account(s) are to be liquidated or sold to meet a Margin call. As the Securities are Collateral for the Margin Financing Facility, CGS SG has the right to decide which Collateral to sell or realise in order to protect its interests.

6.5 CGS SG can increase its "house" maintenance Margin requirements at any time and is not required to provide you advance written notice. These changes in CGS SG policy often take effect immediately and may result in the issuance of a maintenance Margin call. Your failure to satisfy the call may cause CGS SG to liquidate or sell all or any of the Securities in your Account(s).

6.6 You are not entitled to an extension of time on a Margin call. While an extension of time to meet Margin requirements may be available to you under certain conditions, you do not have a right to the extension.

7. Securities Borrowing / Lending

7.1 Unless a contrary intention appears, capitalised terms not otherwise defined in this paragraph 7 shall have the meanings assigned to them in Part F of these terms and conditions.

7.2 Section 1 – Securities Borrowing

7.3 The borrowing of Securities by the Client from CGS SG is an on-demand facility. CGS SG may require the Client to return the Loaned Securities or to re-deliver Equivalent Securities and the Client has to do so within the time specified under Part F of these terms and conditions. If the Client fails to return the Loaned Securities or re-deliver the Equivalent Securities, CGS SG may effect a buy-in without consulting the Client further, and the Client will be liable for the total costs and expenses incurred by CGS SG arising from such buying-in.

7.4 When the Client borrows securities from CGS SG, the Client will be required to deposit a required level of Collateral. The Client may be called upon at short notice to place additional deposits if the level of Collateral is inadequate in relation to the market value of the Loaned Securities. If the required deposit is not made within the prescribed time, CGS SG may buy-back the Loaned Securities without prior notification to the Client.

7.5 The interest, dividends and any distribution whatsoever (each a "Distribution") attributable to the Loaned Securities belong to CGS SG and the Client has to pay and deliver to CGS SG any such Distribution on its date of payment regardless of whether the Client receives the same. The Client is also to exercise any voting rights attached to such Loaned Securities and any other rights arising and attributable to the Loaned Securities in accordance with the instructions of CGS SG, if the Client has agreed to the same. Failure to pay any Distribution to CGS SG, or to protect and exercise any rights with respect to the Loaned Securities in accordance with the instructions of CGS SG (where the Client has agreed to do so) may expose the Client to liability.

7.6 Where, in respect of any Loaned Securities, any rights relating to conversion, sub-division, consolidation, pre-emption, rights arising under a takeover offer, rights to receive securities or a certificate which may at a future date be exchanged for securities or other rights, including those requiring election by the holder for the time being of such Loaned Securities, become exercisable prior to the delivery of Equivalent Securities, then CGS SG may, within a reasonable time before the latest time for the exercise of the right or option give written notice to the Client that on delivery of Equivalent Securities it wishes to receive Equivalent Securities in such form as will arise if the right is exercised or, in the case of a right which may be exercised in more than one manner, is exercised as is specified in such written notice.

7.7 The Client is required to furnish and maintain Collateral with CGS SG so as to meet the applicable Margin Percentage. Accordingly, the Client will encounter various risks, including:

- (a) an increase in the value of the Loaned Securities and/or a decrease in the value of the Collateral may require the Client to provide additional Collateral to CGS SG to avoid CGS SG from realising the existing Collateral;
- (b) CGS SG can realise the Collateral to cover the deficiency in the applicable Margin Percentage. The Client also will be responsible for any short fall after such realisation;
- (c) CGS SG can realise the Collateral without contacting the Client. Some investors mistakenly believe that CGS SG must contact them for a call for additional Collateral to be valid, and that CGS SG cannot realise Collateral to meet the call unless CGS SG has contacted them first. This is not the case. CGS SG will attempt to notify the Client of a call for additional Collateral, but it is not required to do so. However, even if CGS SG has contacted the Client and provided a specific date by which the Client can meet a call for additional Collateral, CGS SG can still take necessary steps to protect its interests. This may include immediately realising the Collateral without notice to the Client;
- (d) the Client is not entitled to choose which Collateral are to be realised to meet a call for additional Collateral. CGS SG has the right to decide which Collateral to realise in order to protect its interests;
- (e) CGS SG can increase its Margin Percentage requirements at any time and is not required to provide the Client advance written notice. These changes in CGS SG policy often take effect immediately and may result in the issuance of a call for additional Collateral. The Client's failure to satisfy the call may cause CGS SG to realise the Collateral;
- (f) the Client is not entitled to an extension of time on a call for additional Collateral. While an extension of time to meet such a call may be available to the Client under certain conditions, the Client does not have a right to the extension.

Section 2 – Securities Lending

7.8 When you lend your Securities to CGS SG, you temporarily lose legal ownership rights to the Securities but in place, have a right to claim Equivalent Securities. Insofar as you receive manufactured dividends, you may be required to treat the entire amount as income for tax purposes.

8. Other Risks

8.1 You should familiarise yourself with the protection accorded to any money or other property which you deposit for domestic and foreign transactions, particularly in the event of insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specific legislation or local rules. In some jurisdictions, property which had been specifically identifiable as your own will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

8.2 Before you begin to trade, you should know all commissions, fees and other charges for which you will be liable.

These charges will affect your net profit (if any) or increase your loss.

8.3 Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risks such as different or diminished investor protection. Before you trade, you should enquire about any rules relevant to your particular transactions. Your local regulatory authority will be unable to compel the enforcement of the rules of the regulatory authorities or markets in other jurisdictions where your transactions have been effected. You should know and understand the types of redress available in both your home jurisdiction and other relevant jurisdictions before you start to trade.

- 8.4 The profit or loss in transactions in foreign currency-denominated Securities (whether they are traded in your own or another jurisdiction) will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to another currency.
- 8.5 Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary. You should know and understand such risks before you start to trade.
- 8.6 Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions or not executed at all.
- 8.7 For off-exchange transactions, it may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarise yourself with the applicable rules and attendant risks.

9. Non-Advisory Nature of Relationship

Unless you have requested CGS SG to provide Financial Advisory Services and have duly completed a standard questionnaire consisting of a series of questions that are aimed to gather information on your investment objectives, financial situation and risk profile, you should note and accept that CGS SG's relationship with you in relation to your securities and securities related transactions is purely as execution only broker/dealer or as a counterparty to you. In either case while you are entitled to expect CGS SG or its employees or representatives to answer your queries, the obligation in so answering is only to be honest. Such answers should not be assumed to be backed by any prior reasonable due diligence or research or specifically suitable for reliance by yourself without you first independently confirming that the answer is intended as specific advice to and is suitable for or to your specific investment objectives, financial situation and particular needs or you verifying the same with your independent advisers on its specific suitability for your specific investment objectives, financial situation and particular needs. You should also note [Clause 13](#) of these terms and conditions and ensure you understand and accept the same as a condition to your relationship with CGS SG. Notwithstanding the above, you can, at any time, request for advice about your securities and securities-related transactions.

10. Off Premises Broking

Your trading representative ("TR") may be utilising CGS SG's Off-Premises Broking Facility (the "Facility"), an electronic broking facility, to effect your orders. Where your TR utilises the Facility, you acknowledge and accept the risk that, as with all electronic facilities and systems, the Facility may be vulnerable to temporary disruption or failure which may affect your TR's service level or result in possible delays in trade processing and/or outages. Without prejudice to [Clause 8](#) of these terms and conditions, CGS SG shall have no liability to you for any resulting loss. You acknowledge that, where the Facility is used to effect your orders, you may not use a "care-of" address, "P.O. Box" address or the TR's residential address as your mailing address to which contract notes and statements are to be sent.

Part 2. Risk Disclosure Statement for CFD Trading

The Risk Disclosure Statement contained in this [Part 2](#) shall apply where you trade or transact in Contracts for Difference. Unless a contrary intention appears, capitalised terms not otherwise defined in this [Part 2](#) shall have the meanings assigned to them in Part H of these terms and conditions.

General

The objective of this Risk Disclosure Statement is to provide you with a brief outline of some of the risks associated with transacting in CFDs.

This Risk Disclosure Statement does not explain all the risks and other significant aspects of transacting in CFDs. Such risks can be substantial. Before entering into any CFD, you should therefore be satisfied that you fully understand the precise nature of the transaction, how it actually works, the extent of your exposure to risks and the potential losses that you could incur. This Risk Disclosure Statement also does not deal with issues of taxation or other legal consequences pertaining to any transactions which you enter into.

You should carefully consider whether any proposed transaction is suitable for you in the light of your financial resources, experience, objectives for engaging in the transaction, ability to bear risks and other relevant circumstances. You should consult such professional advisers (including legal, tax, financial and accounting) as may be appropriate.

The burden of all risks involved in any CFD will be carried by you, and we are not responsible for any losses which you incur, of whatever nature and howsoever arising.

We transact simultaneously with a large number of clients, as well as for our own account. As such, conflicts of interest cannot be completely avoided. Your attention is drawn to [Clause 11](#) of these terms and conditions, which deal with conflicts of interest.

General Investment Risks

Listed below are some of the risks associated with CFD trading:

- a Effect of "Leverage": Transactions in CFD carry a high degree of risk. The amount of initial margin is small relative to the value of the CFD transaction so that the transaction is highly "leveraged" or "geared". A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of the initial margin funds and any additional funds deposited with the firm to maintain your position. If the market moves against your position or margin levels are increased, you may be called upon to pay substantial additional funds on short notice in order to maintain your position. If you fail to comply with a request for additional funds within the specified time, your position may be liquidated at a loss and you will be liable for any resulting deficit in your account.
 - b Risk of Inadequate Margin: Positions are marked-to-market on a daily basis with payments being settled daily to account for market movements. This risk of loss in securing a transaction by deposit of collateral can be significant. You may sustain losses in excess of your cash and any other assets deposited as collateral/margin with us. You may be called upon at short notice to make additional margin deposits or shortfall fee payments. If the required margin deposit or shortfall fee payment is not made within the prescribed time, you will be deemed in default and we may liquidate your CFD positions and supporting collateral without notice to you. This may result in a loss for you. Such loss may be substantial. You must therefore carefully consider whether such a collateral/ margin provision arrangement for trading in CFDs is suitable for you in light of your own financial position and investment objectives.
- You should familiarize yourself with and understand what the requirements are for trading on margin. In addition, you acknowledge that you are fully responsible for monitoring all your positions and knowing when you will be required to place additional margin. If the required margin deposit or interest payment is not made within the prescribed time, we may close your positions without prior notification to you.
- Finally, you may be called upon to deposit substantial additional margin, at short notice, to maintain your trade. If you do not provide such additional funds within the time required, your trade may be closed at a loss and you will be liable for any resulting deficit.
- c Suspension or Restriction of Trading and Pricing Relationships: Prices are subject to the risks of market fluctuations. In addition, market conditions (e.g. illiquidity) and/or the operation of the rules of certain markets (e.g. the suspension of trading in any underlying security) may increase the risk of loss by making it difficult or impossible to effect transactions or liquidate/ offset positions. For example, at times of rapid price movement if the price rises or falls in one trading session to such an extent that trading is restricted or suspended.
 - d Risk-reducing orders or strategies: The placing of certain orders (e.g. "stop-loss" order, where permitted under local law, or "stop-limit" orders), which are intended to limit losses to certain amounts may not be effective because market conditions may make it impossible to execute such orders. At times, it is also difficult or impossible to liquidate a position without incurring substantial losses. Strategies using combinations of positions, such as "spread" and "straddle" positions may be as risky as taking simple "long" or "short" positions.
 - e Transactions in Other Jurisdictions: Transactions on underlying instrument listed in markets in other jurisdictions may expose you to additional risk. Such markets may be subject to regulation that may offer different or diminished investor protection. Before entering into such trades, you should be aware of the rules relevant to the particular transactions. Our local regulatory authority may be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected.

- f. **Currency Risks:** Transactions in foreign markets or in foreign currency denominated instruments tend to involve different risks from domestic markets. In some cases, the risks will be greater. The potential for profit or loss from transactions on foreign markets or in foreign currency denominated instruments will be affected by fluctuations in foreign exchange rates. Any imposition by a country of exchange controls or other limitations or restrictions may cause payments to be made in the local currency instead of the original invested currency or may result in the inability to effect outward remittances of funds from such country, which can affect the value of your investment or your ability to enjoy its benefit.
- g. **Trading Facilities and Electronic Trading:** Our online trading facilities are supported by computer-based component systems for the order-routing, execution, matching, resignation or clearing of trades. As with all facilities and computer systems, you will be exposed to risks associated with the systems including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to instructions or is not executed at all. You should also be aware that the Internet is not a completely reliable transmission medium and there may be delays in service provisions.
- h. **Liquidity and Market Disruption Risks**
- Adverse market conditions may result in you not being able to effect CFDs, liquidate all or part of your CFDs, assess a value or your exposure or determine a fair price, as and when you require.
- The normal pricing relationships between a derivative and the underlying asset may not exist in certain circumstances. The absence of an underlying reference price may make it difficult to judge "fair" value.
- i. **General risks of over-the-counter transactions:** A CFD is an over-the-counter transaction. You should be aware of the general risks of over-the-counter transactions:
- i. Because prices and characteristics of over-the-counter financial instruments are often individually negotiated, there may be no central source for obtaining prices and there can be inefficiencies and a lack of transparency in the pricing of such instruments. We make no representation or warranty that our prices will always be the best prices available to you.
 - ii. Over-the-counter transactions may not be regulated or subject to a separate regulatory regime, compared to on-exchange transactions.
- Finally, issues such as additional cost for rollover, gapping, speculative and volatile markets, regulatory issues, cash settlement, etc also require due attention.
- Please make sure you have read and understood all information in the account opening forms, Part H of these terms and conditions on CFDs and Part 2 of this Schedule I (Risk Disclosure Statement for CFD Trading) before commencing trading in CFDs.

Part 3: Risk Disclosure Relating to Client's Moneys and Assets

In compliance with our statutory obligations under Singapore law to protect your moneys and assets, we are required to disclose to you the manner in which we hold your moneys and assets received on your account and the attendant risks.

Your moneys will be held by us on your behalf in a trust account with a deposit-taking institution (such as a bank or finance company) prescribed in the SF(LCB) Regulation and your assets will be deposited by us in a custody account with a custodian prescribed in the SF(LCB) Regulation (such as a bank or depository agent) appointed by us. In addition, if the deposit-taking institution, custodian or clearing house fails or becomes insolvent, you may not be able to fully recover your moneys and assets or may suffer losses if there are failed transactions. Such moneys and assets will be held in an omnibus account and commingled with the moneys and assets of our other clients. We may withdraw your moneys or assets from the trust account or custody account and deposit your moneys or assets with an approved financial institution (such as a clearing house or member of a clearing facility or an organised market) prescribed in and for any purposes specified in the SF(LCB) Regulation. While there may be advantages in commingling of moneys and assets such as savings in fees, the risks in such arrangement include exposure to losses of other clients whose moneys and assets are held in the omnibus account.

If you owe us money, we may mortgage, charge, pledge or hypothecate your assets but only for a sum not exceeding the amount owed by you to us. When you grant us security interest over your assets, there are risks involved, such as the risk that the return of your assets upon discharge of your indebtedness may be restricted by (for instance) the pledge created by us in favour of a third party. Notwithstanding the risks, you consent to and understand the risks arising from such arrangement.

Where you trade on a foreign exchange, we will pass your moneys or assets to a foreign broker, which may in turn pass the moneys or assets to another broker to enable that other broker to execute the trade on the foreign exchange. In situation where your moneys or assets are passed to other brokers along the holding chain, the manner in which your moneys or assets are held by the different brokers may be different. There are attendant risks arising from such arrangement. For instance, you may not be able to fully recover your moneys or assets if the deposit-taking institution or custodian or others in the holding chain were to fail.

In addition, where your moneys and assets are held in a foreign jurisdiction, there are material differences between the client asset protection regimes in Singapore and that jurisdiction. Such differences include unfavourable asset protection regimes in certain jurisdictions where you may not enjoy the same level of protection in those jurisdictions as that accorded to moneys and assets that are held in Singapore.

You should familiarise yourself with the protection accorded to any money or asset which you deposit for domestic and foreign transactions, particularly in an entity's insolvency. The extent to which you may recover your money or asset may be governed by specific legislation or local rules.

In circumstances where we accept or receive your moneys or assets in respect of your OTC derivatives transactions, we are obliged under the relevant provisions of the SF(LCB) Regulation to inform you that you may request us to segregate your moneys or assets deposited with us from the moneys or assets of our other clients. If you make such a request, additional costs will be imposed on you. Where you chose to have your moneys or assets maintained separately from our other clients, your moneys or assets will be "ring-fenced" and not subject to the risks that: (i) they may form part of our or our other clients' assets for the purposes of insolvency or winding-up; (ii) they may be used to meet third party's general obligations in an insolvency; or (iii) a third party may challenge your right to the moneys and assets.

Part 4: Risk Disclosure for Futures and Certain OTC Derivatives Contracts

This statement does not disclose all the risks and other significant aspects of trading in futures, options, over-the-counter derivatives contracts where the underlying is a currency or currency index ("OTCD currency contracts") and spot foreign exchange contracts for the purposes of leveraged foreign exchange trading ("Spot LFX trading contracts"). In light of the risks, you should undertake such transactions only if you understand the nature of the contracts (and contractual relationships) into which you are entering and the extent of your exposure to the risks. Trading in futures, options, OTCD currency contracts and Spot LFX trading contracts may not be suitable for many members of the public. You should carefully consider whether such trading is appropriate for you in the light of your experience, objectives, financial resources and other relevant circumstances. In considering whether to trade, you should be aware of the risks set out below.

(a) Futures, OTCD currency contracts and Spot LFX trading contracts

(i) *Effect of 'Leverage' or 'Gearing'*

Transactions in futures, OTCD currency contracts and Spot LFX trading contracts carry a high degree of risk. The amount of initial margin is small relative to the value of the futures contract, OTCD currency contract or Spot LFX trading contract transaction so that the transaction is highly 'leveraged' or 'geared'. A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of the initial margin funds and any additional funds deposited with the firm to maintain your position. If the market moves against your position or margin levels are increased, you may be called upon to pay substantial additional funds on short notice in order to maintain your position. If you fail to comply with a request for additional funds within the specified time, your position may be liquidated at a loss and you will be liable for any resulting deficit in your account.

(ii) *Risk-Reducing Orders or Strategies*

The placing of certain orders (e.g. 'stop-loss' orders, where permitted under local law, or 'stop-limit' orders) which are intended to limit losses to certain amounts may not be effective because market conditions may make it impossible to execute such orders. At times, it is also difficult or impossible to liquidate a position without incurring substantial losses. Strategies using combinations of positions, such as 'spread' and 'straddle' positions may be as risky as taking simple 'long' or 'short' positions.

(b) Options

(i) *Variable Degree of Risk*

Transactions in options carry a high degree of risk. Purchasers and sellers of options should familiarise themselves with the type of options (i.e. put or call) which they contemplate trading and the associated risks. You should calculate the extent to which the value of the options would have to increase for your position to become profitable, taking into account the premium paid and all transaction costs.

The purchaser of options may offset its position by trading in the market or exercise the options or allow the options to expire. The exercise of an option results either in a cash settlement or in the purchaser acquiring or delivering the underlying interest. If the option is on a futures contract, OTCD currency contract or Spot LFX trading contract, the purchaser will have to acquire a position in the futures contract, OTCD currency contract or Spot LFX trading contract, as the case may be, with associated liabilities for margin (see Section (a) above). If the purchased options expire worthless, you will suffer a total loss of your investment which will consist of the option premium paid plus transaction costs. If you are contemplating purchasing deep-out-of-the-money options, you should be aware that, ordinarily, the chance of such options becoming profitable is remote.

Selling ('writing' or 'granting') an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of the amount of premium received. The seller will be liable to deposit additional margin to maintain the position if the market moves unfavourably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or to acquire or deliver the underlying interest. If the option is on a futures contract, OTCD currency contract or spot LFX trading contract, the seller will acquire a position in the futures contract, OTCD currency contract or spot LFX trading contract, as the case may be, with associated liabilities for margin (see Section (a) above). If the option is 'covered' by the seller holding a corresponding position in the underlying futures contract, OTCD currency contract, spot LFX trading contract or another option, the risk may be reduced. If the option is not covered, the risk of loss can be unlimited.

Certain exchanges in some jurisdictions permit deferred payment of the option premium, limiting the liability of the purchaser to margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

(c) Additional Risks Common to Futures, Options and Leveraged Foreign Exchange Trading

(i) *Terms and Conditions of Contracts*

You should ask the corporation with which you conduct your transactions for the terms and conditions of the specific futures contract, option, OTCD currency contract or spot LFX trading contract which you are trading and the associated obligations (e.g. the circumstances under which you may become obligated to make or take delivery of the underlying interest of a futures contract, OTCD currency contract or spot LFX trading contract transaction and, in respect of options, expiration dates and restrictions on the time for exercise). Under certain circumstances, the specifications of outstanding contracts (including the exercise price of an option) may be modified by the exchange or clearing house to reflect changes in the underlying interest.

(ii) *Suspension or Restriction of Trading and Pricing Relationships*

Market conditions (e.g. illiquidity) or the operation of the rules of certain markets (e.g. the suspension of trading in any contract or contract month because of price limits or 'circuit breakers') may increase the risk of loss by making it difficult or impossible to effect transactions or liquidate/offset positions. If you have sold options, this may increase the risk of loss.

Further, normal pricing relationships between the underlying interest and the futures contract, and the underlying interest and the option may not exist. This can occur when, e.g., the futures contract underlying the option is subject to price limits while the option is not. The absence of an underlying reference price may make it difficult to judge 'fair' value.

(iii) *Deposited Cash and Property*

You should familiarise yourself with the protection accorded to any money or other property which you deposit for domestic and foreign transactions, particularly in a firm's insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specific legislation or local rules. In some jurisdictions, property which had been specifically identifiable as your own will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

(d) Commission and Other Charges

Before you begin to trade, you should obtain a clear explanation of all commissions, fees and other charges for which you will be liable. These charges will affect your net profit (if any) or increase your loss.

(e) Transactions in Other Jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to a rule which may offer different or diminished investor protection. Before you trade, you should enquire about any rules relevant to your particular transactions. Your local regulatory authority will be unable to compel the enforcement of the rules of the regulatory authorities or markets in other jurisdictions where your transactions have been effected. You should ask the firm with which you conduct your transactions for details about the types of redress available in both your home jurisdiction and other relevant jurisdictions before you start to trade.

(f) Currency Risks

The profit or loss in transactions in foreign currency-denominated futures and options contracts (whether they are traded in your own or another jurisdiction) will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to another currency.

(g) Trading Facilities

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the one or more parties, namely the system provider, the market, the clearing house or member firms. Such limits may vary. You should ask the firm with which you conduct your transactions for details in this respect.

(h) Electronic Trading

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions or not executed at all.

(i) Off-Exchange Transactions

In some jurisdictions, firms are permitted to effect off-exchange transactions. The firm with which you conduct your transactions may be acting as your counterparty to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarise yourself with the applicable rules and attendant risks.

Schedule II: Guide and Caution Note: Applying/Maintaining a Trading Account

This Guide and Caution Note is given to you by us in the interest of transparency and fair dealing. It should be read together with these terms and conditions. In the event of any inconsistency between this Guide and Caution Note and these terms and conditions, this Guide and Caution Note shall prevail in respect of such inconsistency. This Guide and Caution Note is meant to assist you in:

- (i) understanding the types of services, we offer; and their respective limits; and
- (ii) your decision about which of our service(s) to use.

While there are common terms governing all our services, the terms specific to each service will vary.

What you need to know about us?

As a holder of a capital markets services license (“CMS license”) under the SFA, we carry out the following:

- (i) Dealing in Capital Markets Products such as Securities
- (ii) Product Financing
- (iii) Providing Custodial Services for Securities

As a CMS license holder, we are also registered as an Exempt Financial Adviser (“EFA”) under the FAA to carry out Financial Advisory Services.

What services we can provide you?

We provide three levels of service:

- (i) execution only;
- (ii) ERA; and
- (iii) dealing with Advisory Services.

ERA is specifically defined by our regulator as advice or recommendation which is incidental to execution activities and is provided at no additional fee charged apart from any fee that we may earn from your actual dealing (i.e. buying/selling) in investment products. We refer to such advice or recommendation as free advice or recommendation.

Excluded Investment Products

For dealings in what are called Excluded Investment Products (“EIPs”), the only levels of service available from us in relation to EIPs are execution-only services and/or Financial Advisory Services. Neither we nor any of our representatives will or will be providing services in respect of ERA for EIPs.

Unless you are receiving Financial Advisory Services, we cannot and will not provide you any advice or recommendation in relation to EIPs. If our representatives or us comment, give opinions and suggestions, or otherwise make statements about EIPs, you must not rely on such statements - even if given in a manner indicating them to be recommendation or advice - to make any trading or investment decision before independently satisfying yourself as to the accuracy and suitability of such statements.

For the avoidance of doubt, statements about EIPs may include:

- i. our respective expressions of opinions honestly held;
- ii. statements of fact honestly believed not to be inaccurate or misleading; or
- iii. off the cuff responses to any questions, you may ask orally or via electronic communications to our representatives or us.

EIPs are limited to securities (and options on such securities) that are listed for trading on an approved exchange in Singapore and not specifically specified by such securities exchange to be a Specified Investment Product. EIPs are less complex products which are already established in the market and are generally well understood by retail investors. As such, we will provide you our services on a purely execution only dealing services in relation to EIPs.

You agree to accept sole responsibility for determining the merits or suitability of any and all transactions that you may enter into with respect to any and all EIPs.

The only exception to our execution only services for EIPs is providing Financial Advisory Services. For this you must have entered into a financial advisory agreement with us defining both the circumstances when we will provide or be deemed to be providing you advice or recommendations in relation to EIPs; and our charges for the giving of such advice or recommendation(s).

Specified Investment Products

For dealings in what are called Specified Investment Products (“SIPs”), all three levels of services are (depending on your circumstances and the circumstances of your particular transaction in SIPs) available to you provided that you are not:

- i. An accredited or expert investor (defined below);
- ii. Resident outside of Singapore and not a Singapore citizen or a permanent resident of Singapore; or wholly or partly dependent on a Singapore citizen or a permanent resident of Singapore.

If you fall within I and/or II, our services are (as with EIPs generally) limited to execution only services and/or Financial Advisory Services only.

If you do not fall within either I or II and you are a natural person, you will be regarded as a Retail Singapore Client.

Please see the section, “What Retail Singapore Clients must know?”, below.

SIPs are (for the purposes of our dealing services available to you as a CMS license holder) capital markets products that are not EIPs and can be divided into three general types:

- (a) those listed solely on a securities or futures exchange outside of Singapore;
- (b) those listed on a securities or futures exchange in Singapore; and
- (c) those that are not listed on any securities or futures exchange.

A general guide on Safeguards When Purchasing SIPs is available at www.mas.gov.sg.

What accredited or expert investors must know?

Unless otherwise agreed with you in writing, please be reminded that we are expressly exempted from assuming and will not assume any suitability obligation under the FAA or any obligation to provide product information under the FAA to any person who is either an accredited investor or an expert investor for the purposes of the FAA.

For convenience only, we set out below the relevant definition of “accredited investor” and “expert investor” respectively: “accredited investor” means —

What Retail Singapore Clients must know?

Depending on whether a Retail Singapore Client wishes to deal in listed or unlisted SIPs, he will first need to pass respectively a Client Account Review (“CAR”) or a Customer Knowledge Assessment (“CKA”), before he may be permitted to begin or continue trading in the relevant SIPs.

Therefore, you must pass the CAR and/or CKA before you can begin or continue trading in the relevant SIPs. In such a case, you will also be provided a Client Investment Profile questionnaire (“CIP”) together with our request that you properly complete that CIP and return the properly completed CIP to us.

If you passed the CAR and/or CKA, we will regard you as competent to understand the nature and risks of the relevant SIPs you will be dealing or continue to deal in. As such, you are also assumed by us to be able to make your own decisions and judgements as to the merits or suitability for you to do any trade or investment in such SIPs. You therefore need not complete and return to us the CIP but we encourage you to do so.

Where you do not complete and/or return the CIP to us, you must agree and accept as conditions to your being allowed to trade or continue to trade in the relevant SIPs that:

- A. we are in no position to ensure that any free advice or recommendation that may be provided to you by us are specifically suitable for you bearing in mind your specific financial position, attitude and capacity to take financial risks and investment objectives for trading in the SIPs; and therefore
- B. any free advice or recommendation you receive from us will not be based on, or take into consideration, your specific investment objectives, financial situation or needs; and
- C. you must assess for yourself whether any of our free advice or recommendation as may be provided to you are specifically of merit and appropriate or suitable to your own investment objectives, financial situation or particular needs.

In particular the mere fact that our advice or recommendation is to buy or sell or hold any SIPs does not necessarily mean, and must not be taken to mean, that the recommendation is suitable for you and you should therefore either make your own assessment (if you are able) or (if you cannot properly or reasonably make your own assessment) consult with your own financial adviser before acting on any such free advice or recommendation. You should do this before you making any decision on the basis of any free advice or recommendation we may provide you.

If you properly complete and return the CIP to us:

- 1. we will ensure that such free advice or recommendation that may be provided to you by us from time to time will be reasonably consistent with the information you provide in the CIP with regards to your suitability; but it remains your choice to choose whether you wish to follow or not. Where you choose not to follow the advice or recommendation we will assume that you have made your own informed determination not to follow the advice or recommendation and are accepting sole responsibility for determining the merits or suitability of any and all transactions that you may enter into contrary to the advice or recommendation given to you.
- 2. the answers provided in the CIP questionnaire will also be the basis upon which any Financial Advisory Services you may have engaged us to provide will proceed if such Financial Advisory Services is required urgently. If Financial Advisory Services is not urgently required, we will first confirm the continued validity of the answers provided before giving Financial Advisory Services. Financial Advisory Services will however be given only, subject to the terms of your financial advisory agreement you have entered with us.

Generally Circulating Materials and Resources Warning

Please also note that regardless of whether you properly complete and return the CIP to us you may be provided or given access to resources or materials that are intended to before general circulation. The materials intended for general circulation will have an express notice accompanying the materials to that effect. Such resources and materials are provided with the sole aim of enabling you to manage and control your own investments and this means also that you need to be able and willing to accept sole responsibility for ensuring the merits and suitability of any and all investments that you may make with or through us before making any investment or effecting any transaction with or through us. None of the advice or recommendation appearing in such materials and resources should be taken by you as intended for you to specifically rely on. They are provided expressly subject to the exemption notice and disclaimer against such effect accompanying the materials.
